Dolphin is a relatively new Smalltalk environment for me, so I learned several techniques that sped up my application development. Ted develops an application from start to finish in the book, so it is loaded with practical advice and code. This book is ideal for anyone curious about objects, how Smalltalk works, or learning the Dolphin environment for the first time. It includes the Value Edition of the Dolphin Smalltalk Environment, so you are ready to go when the book arrives. This makes ...
