9 reviews of Cuz "Stopped by a new dive bar in Soulard. Typical dive bar, but in an old Chinese restaurant (and smells like it). Karaoke with good sound and non smoking. The atmosphere is just like it sounds ... The night became more interesting as the evening went on. Let's just say, I have a pretty good idea of which side of the river that some of the lady guests work.

In a shattering work that shifts between a woman's private anguish over the loss of her beloved cousin and a scholar's fierce critique of the American prison system, Danielle Allen seeks answers to what, for many years, felt unanswerable. Why did a precocious young man who dreamed of being a firefighter and a writer end up dead?

No matter how hard you try. No matter how badly you fight. No matter how badly you abuse one another. And no matter how earnestly you try to stay away. You meet them.. After a long time. Or after a long break. Or perhaps, after a really bad phase. You still feel like kissing them. You die to surrender yourself in their arms. The title wasn't just a statement.. Love really really is Gravity."

So tender yet courageous is this fierce family memoir that it makes mass incarceration nothing less than a new American tragedy. In a shattering work that shifts between a woman ’ s private anguish over the loss of her beloved baby cousin and a scholar ’ s fierce critique of the American prison system, Danielle Allen seeks answers to what, for many years, felt unanswerable. Why? Why did her cousin, a precocious young man who dreamed of being a firefighter and a writer, end up dead? Why did he languish in prison? And why, at the age of fifteen, was he in an alley in South Central Los Angeles, holding a gun while trying to steal someone ’ s car? Cuz means both “ cousin ” and “ because. ” In this searing memoir, Allen unfurls a "new American story" about a world tragically transformed by the sudden availability of narcotics and the rise of street gangs—a collision, followed by a reactionary War on Drugs, that would devastate not only South Central L.A. but virtually every urban center in the nation. At thirteen, sensitive, talkative Michael Allen was suddenly tossed into this cauldron, a violent world where he would be tried at fifteen as an adult for an attempted carjacking, and where he would be sent, along with an entire generation, cascading into the spiral of the Los Angeles prison system. Throughout her cousin Michael ’ s eleven years in prison, Danielle Allen—who became a dean at the University of Chicago at the age of thirty-two—remained psychically bonded to her self-appointed charge, visiting Michael in prison and corresponding with him regularly. When she finally welcomed her baby cousin home, she adopted the role of "cousin on duty," devotedly supporting Michael ’ s fresh start while juggling the demands of her own academic career. As Cuz heartbreakingly reveals, even Allen ’ s devotion, as unwavering as it was, could not save Michael from the brutal realities encountered by newly released young men navigating the streets of South Central. The corrosive entanglements of gang warfare, combined with a star-crossed love for a gorgeous woman driving a gold Mercedes, would ultimately be Michael ’ s undoing. In this Ellisonian story of a young African American man ’ s coming-of-age in late twentieth-century America, and of the family who will always love Michael, we learn how we lost an entire generation.

Sneha Jaiswal, a 17-year-old student, is an author and a blogger. She developed her interest in writing at the age of 10. Starting from writing for school magazines, she then created pages, blogs, and websites to spread her writings all over the world. The book CUZ IT WAS NOT THE END is her debut novel and is fully based upon the happenings she observed around her. She has written this book for every girl who has gone through some cruel acts in her life. Apart from writing, she loves spending time with family, reading novels, traveling, blogging and most of all exploring nature. She is a state-level basketball player and a very big foodie.

When Post Traumatic Stress Disorder (PTSD) enters a home everyone is affected by it. So often children are left upset, with a lack of understanding and wondering what ’ s going on. This story is for those children who have PTSD in their family, giving voice to their experiences, emotions and worries. This book should help give a child a sense of understanding and empowerment that PTSD is “ nobody ’ s fault, ” and “ it ’ s not cuz of me. ”

(Piano/Vocal/Guitar Artist Songbook). A dozen songs from the 2019 breakthrough album by this singer, songwriter, rapper & actress.
