In this lesson, students will review numbers 1, 2 and 3 and one to one correspondence by matching color tiles to objects in the classroom. When counting objects, say the number names in the standard order, pairing each object with one and only one number name and each number name with one and only one object.

Our kindergarten program at 1, 2, 3 You 'N Me, provides a nurturing and educational environment. We believe that education is a partnership where teachers, parents, and students all work together to teach the important things in life; the power of hard work, and the value of a strong moral character. With our small classroom size, we can focus on your child's special needs.
