Chapter 1: Introduction to Chemistry

CHAPTER 1: Introduction to Chemistry. 1.1 The Nature of Chemistry 1.2 Matter. Matter - has mass, occupies space Mass: measure of the quantity of matter Extensive property - depends on quantity, i.e., mass, volume Intensive property - depends on identity of substance, i.e., density, color Physical property - can be measured without changing the composition of the substance Physical change - change in the form of the substance, but not its chemical composition.

CHAPTER 1: Introduction to Chemistry

1.1: The Scope of Chemistry Chemistry is the study of matter and the ways in which different forms of matter combine with each other. You study chemistry because it helps you to understand the world around you. Everything you touch or taste or smell is a chemical, and the interactions of these chemicals with each other define our universe.
