Often regarded as the greatest playwright of all time, William Shakespeare is said to have died on April 23, 1616, which is believed to have been his 52nd birthday. The exact date of his death technically isn't certain, however; the only known end-of-life documentation for Shakespeare is a record of his burial on April 25.

**Facts about the End of Shakespeare's Life - ThoughtCo**

William Shakespeare was an actor, playwright, poet, and theatre entrepreneur in London during the late Elizabethan and early Jacobean eras. He was baptised on 26 April 1564 in Stratford-upon-Avon in Warwickshire, England, in the Holy Trinity Church. At the age of 18 he married Anne Hathaway with whom he had three children. He died in his home town of Stratford on 23 April 1616, aged 51. Though more is known about Shakespeare's life than those of most other Elizabethan and Jacobean writers, few p

Acclaimed as a modern dramatic masterpiece, Rosencrantz & Guildenstern are Dead is the fabulously inventive tale of Hamlet as told from the worm's-eye view of the bewildered Rosencrantz and Guildenstern, two minor characters in Shakespeare's play. In Tom Stoppard's best-known work, this Shakespearean Laurel and Hardy finally get a chance to take the lead role, but do so in a world where echoes of Waiting for Godot resound, where reality and illusion intermix, and where fate leads our two heroes to a tragic but inevitable end. Tom Stoppard was catapulted into the front ranks of moden playwrights overnight when Rosencrantz and Guildenstern Are Dead opened in London in 1967. Its subsequent run in New York brought it the same enthusiastic acclaim, and the play has since been performed numerous times in the major theatrical centers of the world. It has won top honors for play and playwright in a poll of London Theater critics, and in its printed form it was chosen one of the "Notable Books of 1967" by the American Library Association.

The sharpest stings ever to snap from the tip of an English-speaking tongue are here at hand, ready to be directed at the knaves, villains, and coxcombs of the reader's choice. Culled from 38 plays, here are the best 5,000 examples of Shakespeare's glorious invective, arranged by play, in order of appearance, with helpful act and line numbers for easy reference, along with an index of topical scorn appropriate to particular characters and occasions.

NEW YORK TIMES BEST SELLER • WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD "Of all the stories that argue and speculate about Shakespeare's life... here is a novel ... so gorgeously written that it transports you." —The Boston Globe In 1580's England, during the Black Plague a young Latin tutor falls in love with an extraordinary, eccentric young woman in this "exceptional historical novel" (The New Yorker) and best-selling winner of the Women's Prize for Fiction. Agnes is a wild creature who walks her family's land with a falcon on her glove and is known throughout the countryside for her unusual gifts as a healer, understanding plants and potions better than she does people. Once she settles with her husband on Henley Street in Stratford-upon-Avon she becomes a fiercely protective mother and a steadfast, centrifugal force in the life of her young husband, whose career on the London stage is taking off when his beloved young son succumbs to sudden fever. A luminous portrait of a marriage, a shattering evocation of a family ravaged by grief and loss, and a tender and unforgettable re-imagining of a boy whose life has been all but forgotten, and whose name was given to one of the most celebrated plays of all time, Hamnet is mesmerizing, seductive, impossible to put down—a magnificent leap forward from one of our most gifted novelists.

Pyramus: 'Now die, die, die, die, die, die.' [Dies]A Midsummer Night's Dream'Shakespeare's Dead' reveals the unique ways in which Shakespeare brings dying, death, and the dead to life. It establishes the cultural, religious and social contexts for thinking about early modern death, with particular reference to the plague which ravaged Britain during his lifetime, and against the divisive background of the Reformation. But it also shows how death on stage is different from death in real life. The dead come to life, ghosts haunt the living, and scenes of mourning are subverted by the fact that the supposed corpse still breathes.Shakespeare scripts his scenes of dying with extraordinary care. Famous final speeches – like Hamlet's 'The rest is silence', Mercutio's 'A plague o' both your houses', or Richard III's 'My kingdom for a horse' – are also giving crucial choices to the actors as to exactly how and when to die. Instead of the blank finality of death, we get a unique entrance into the loneliness or confusion of dying. 'Shakespeare's Dead' tells of death-haunted heroes such as Macbeth and Hamlet, and death-teasing heroines like Juliet, Ophelia, and Cleopatra. It explores the fear of 'something after death', and characters' terrifying visions of being dead. But it also uncovers the constant presence of death in Shakespeare's comedies, and how the grinning jester might be a leering skull in disguise. This book celebrates the paradox: the life in death in Shakespeare.

Henry VI, Part 2 (often written as 2 Henry VI) is a history play by William Shakespeare believed to have been written in 1591, and set during the lifetime of King Henry VI of England. Whereas 1 Henry VI deals primarily with the loss of England's French territories and the political machinations leading up to the Wars of the Roses, and 3 Henry VI deals with the horrors of that conflict, 2 Henry VI focuses on the King's inability to quell the bickering of his nobles, the death of his trusted adviser Humphrey, Duke of Gloucester, the rise of the Duke of York and the inevitability of armed conflict. As such, the play culminates with the opening battle of the War, the First Battle of St Albans. Although the Henry VI trilogy may not have been written in chronological order, the three plays are often grouped together with Richard III to form a tetralogy covering the entire Wars of the Roses saga, from the death of Henry V in 1422 to the rise to power of Henry VII in 1485. It was the success of this sequence of plays that firmly established Shakespeare's reputation as a playwright. Henry VI, Part 2 has the largest cast of all Shakespeare's plays, and is seen by many critics as the best of the Henry VI trilogy.

Shakespeare's Richard II presents a momentous struggle between Richard II and his cousin Henry Bolingbroke. Richard is the legitimate king; he succeeded his grandfather, King Edward III, after the earlier death of his father Edward, the Black Prince. Yet Richard is also seen by many as a tyrant. He toys with his subjects, exiling Bolingbroke for six years. When he seizes the title and property that should be Bolingbroke's, Richard threatens the very structure of the kingdom. Bolingbroke returns with an army that is supported by nobles and commoners alike, both believing themselves oppressed by Richard. This sets the stage for a confrontation between his army and the tradition of sacred kingship supporting the isolated but now more sympathetic Richard. The authoritative edition of Richard II from The Folger Shakespeare Library, the trusted and widely used Shakespeare series for students and general readers, includes: -Freshly edited text based on the best early printed version of the play -Full explanatory notes conveniently placed on pages facing the text of the play -Scene-by-scene plot summaries -A key to the play's famous lines and phrases -An introduction to reading Shakespeare's language -An essay by a leading Shakespeare scholar providing a modern perspective on the play -Fresh images from the Folger Shakespeare Library's vast holdings of rare books -An annotated guide to further reading Essay by Harry Berger, Jr. The Folger Shakespeare Library in Washington, DC, is home to the world's largest collection of Shakespeare's printed works, and a magnet for Shakespeare scholars from around the globe. In addition to exhibitions open to the public throughout the year, the Folger offers a full calendar of performances and programs. For more information, visit Folger.edu.

This 14-volume set contains titles originally published between 1926 and 1992. An eclectic mix, this collection examines Shakespeare's work from a number of different perspectives, looking at history, language, performance and more it includes references to many of his plays as well as his sonnets.
