Our legacy
1947/1989 national
security system is
unsuited for the
dynamic and
complex global
security
environment that
has developed since
the end of the Cold

Read Book 3516

C Caterpillar

War. Over time, the National Security Council has evolved from the very limited advisory group initially imagined by President Truman to that of a vast network of interagency groups that were developed since 1989. These

Read Book 3516

C Caterpillar

Interagency groups view themselves as deeply involved in integrating policy development, crisis management, and staffing for the President.

However, the National Security Staff (NSS) and the national security system are relics of the industrial age --

Read Book 3516

C Caterpillar

Vertical stovepipes

-- in an age that demands that the management of the national security system be conducted at the strategic level.

What is required is a true national security strategy based on ends, ways, and means; the alignment of

Read Book 3516

C Caterpillar

resources with

integrated national security missions; and the assessment and accountability of management functions that should be performed by a properly resourced NSS unburdened from the urgency of the 24/7 news cycle. The
