Haven't used it very often, but initially it was very convenient as it carried around 2 charges. However now it seems to have completely died even though with the last charge it still had 2 lights on when it was done. It won't switch on now and won't even charge - none of the lights are coming on.

BLWith Latin text and English translation The epic poem the Thebaid was composed by Statius about AD 80 to 92 in twelve books. The subject is the expedition of the Seven against Thebes in support of the attempt by Oedipus' son Polyneices to recover the throne from his brother Eteocles. Book IX is set in the midst of the fighting before the eventual death of the two brothers. In this new edition of Book IX DrDewar accompanies the Latin text with apparatus criticus, a translation, and an extensive introduction and commentary. The introduction contains sections on Statius' life and works, a summary of the epic, its themes and characters, and poetry, the textual tradition, and Statius' influence on later European literature. The commentary, the first on the ninth book to be published in Britain this century, is written in the light of recent scholarship. It examines in close detail Statius' style and language, use of models (especially Homer, Hellenistic Greek poetry, Virgil, Lucan, and Seneca), and literary intentions. It is Dr Dewar's hope that this edition will help to explain the poem's great popularity

in the Middle Ages, and even restore something of its lost prestige.

From the foreword: "One of the High Line's powers is its ability to evoke time, to remind us of the changes we've experienced during our own lives, to bring forth echoes of the past, and to make us guess what life might be like years from now. I love the photos on these pages, because they have that power, too." --Joshua David, Co-Founder of the Friends of the High Line. Ten Avenues Press, in association with Friends of the High Line, announce the publication of High Line Nudes. In 2006, photographer Kevin McDermott took three of his friends up on the abandoned railroad tracks that would become New York City's High Line park to shoot a series of nudes. As McDermott states in his introduction, "at the time I took these photos, what I sought from its beauty was its sense of isolation, being alone, surrounded by nature in the middle of this metropolis." A decade later, this location is now one of the most visited tourist destinations in NYC and one of the largest real estate developments in the world. High Line Nudes captures a seemingly impossible, but beautiful moment in the history of the West Side Rail Yards, Chelsea and an ever changing New York City. The cloth hardcover book is beautifully printed in color and rich black and white duotone images.
