Anyone else frustratingly one mark off the grade they needed to study a particular subject at sixth form? I missed the grade 7/7 in science by one mark and I wanted to study maths physics chemistry but I'm stuck studying maths history and photography Also this is my first post on TSR so idk if this is even relevant

The Seventh Mark is one of those slow burner books that keeps you enthralled till the end. The story felt like a fresh and new take on popular supernatural beings. I really enjoyed the building suspense and the mystery behind it all. The heroine Rouge is courageous, clever, and sees the world for how it really is.

7th Science The 7th card are learning about cells parts & functions. One of the activities that we do is a card game. They match a part of a cell & it's function to a part of the school building & its function. This helps them make a connection and more easily remember what they do.
