Many managers who believe themselves to be religious are all too willing to check their religion at the door of their workplaces. They may simply be ignorant of the implications of their faith for their business practices. Catholic teaching on business and economics has been described (with intentional irony) as the Church's best kept secret.

One such book is A Catechism for Business: Tough Ethical Questions & Insights from Catholic Teaching, recently published by Catholic University of America Press. This book warranted my attention merely for its subject matter, but I was particularly interested in reading it because one of its two editors is Andrew V. Abela, Dean of the School of Business and Economics at the Catholic University of America and a scholar whom I have admired for many years.

The just war ethic emerges from an affirmative response to the basic question of whether people may sometimes permissibly intend to kill other people. In *Politics, Justice, and War*, Joseph E. Capizzi clarifies the meaning and coherence of the "just war" approach, to the use of force in the context of Christian ethics. By reconnecting the just war ethic to an Augustinian political approach, Capizzi illustrates that the just war ethic requires emphasis

On the "right intention," or goal, of peace as ordered justice. With peace set as the goal of war, the various criteria of the just war ethic gain their intelligibility and help provide practical guidance to all levels of society regarding when to go to war and how to strive to contain it. So conceived, the ethic places stringent limits on noncombatant or "innocent" killing in war, helps make sense of contemporary technological and strategic challenges, and opens up space for a critical and constructive dialogue with international law.

will be read with fascination for its clarity of argument and fundamental good sense. Originally published as a monthly question-and-answer column in a magazine for priests, these selections by Msgr. William B. Smith retain a striking current topicality. Msgr. Smith often tackled matters of controversy in the Catholic Church, ones which continue to draw conflicting opinions. Interesting, informative, and eminently practical, this book conveys an overall impression that sound thinking about morality is rooted in a tradition within the Catholic Church, even

When the answers to particular moral questions cannot be found in catechisms or Vatican documents. Msgr. Smith offers a clear-headed approach to the quandaries of our time precisely because of his training in traditional moral principles and his fidelity to the Catholic magisterium. This book should be in the possession of all seminarians and priests, who are bound to confront moral matters that are not so easily decided at first glance. But lay people, too, will find here rich responses to the challenging and sometimes unresolved

Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis

evokes something dark and foreboding, something out-of-place in contemporary

society. Many associate excommunication with the medieval Church, with the Inquisition and witch-hunts, and think it has no place in our more enlightened, tolerant times. Yet this ecclesiastical discipline is as relevant today as it was five hundred or a thousand years ago, an unfortunate last resort in combating the rebellion the Church faces in every age from some of her members. In this intriguing book, canon and civil lawyer Edward N. Peters offers a compelling presentation of

excommunication based on the current Code of Canon Law, answering some of the most commonly-asked questions about this most serious canonical penalty. Among the questions considered here: What is excommunication? How is a person excommunicated? Isn't excommunication an offense against Christian charity? Is there any support in the Bible for excommunication? Can Catholic politicians be excommunicated for defying Church teaching, especially on abortion? With the upcoming November Senatorial elections, and bishops starting to confront Catholic public figures who

you—that trusting in God and accepting his will can lead to profound joy, no matter what challenges you face. Be Brave in the Scared is an uplifting account of human frailty (and stubbornness) surrendered to faith.

Lenaburg tells the heart-rending story of how caring for her severely disabled daughter affected her self-image, marriage, family life, and faith. Although she initially struggled to accept God's will and her own limitations, Lenaburg ultimately learned how to trust God. She found in that trust inexplicable joy, even during the most difficult days of her life. She writes
