Torchlight flickers on elegant marble walls. The sound of a mob echoes in the street. The year is 52 B.C. and the naked body of Publius Clodius is about to be carried through the teeming streets of Rome. Clodius, a rich man turned rabble-rouser, was slain on the most splendid road in the world, the Appian Way. Now Clodius's rival, Milo, is being targeted for revenge, and the city teeters on the verge of chaos. An explosive trail will feature the best oration of Cicero and Marc Anthony, while Gordianus the Finder has been charged by Pompey the Great himself to look further into the murder. With the Senate House already in ashes, and his own life very much in danger, Gordianus must return to a deserted stretch of the Appian Way—to find the truth that can save a city filled with the madness and glory.

1888: A violinist is brutally murdered in his Edinburgh home. Fearing a national panic over a copycat Jack the Ripper, Scotland Yard send Inspector Ian Frey. Frey reports to Detective "Nine-Nails" McGray, local legend and exact opposite of the foppish English Inspector. McGray's tragic past has driven him to superstition, but even Frey must admit that this case seems beyond belief. There was no way in or out of the locked music studio. And there are black magic symbols on the floor. The dead man's maid swears there were three musicians playing before the murder. And the suspects all talk of a cursed violin once played by the Devil himself. Inspector Frey has always been a man of reason—but the longer this investigation goes on, the more his grasp on reason seems to be slipping...

When a brutal murder threatens the sanctity of the Elizabethan court, it's up to a hot-tempered spy to save the day. The court of Elizabeth I is no stranger to plotting and intrigue, but the royal retinue is thrown into chaos when the Queen's youngest and sweetest lady-in-waiting is murdered, her body left on the high altar of the Chapel Royal in Whitehall Palace. Solving the murder will require the cunning and savvy possessed by only one man. Enter Nicholas Holt, younger brother of the Earl of Blackwell—spy, rake, and owner of the infamous Black Sheep tavern in the seedy district of Bankside. Nick quickly learns that working for the Queen is a mixed blessing. Elizabeth—salty-tongued, vain, and fiercely intelligent—can, with a glance, either reward Nick with a purse of gold or have his head forcibly removed. When a second lady-in-waiting is slain at Whitehall, the court once again reels with shock and dismay. On the trail of a diabolical killer, Nick and his faithful sidekick—an enormous Irish Wolfhound named Hector—are treading on treacherous ground, and only the killer's head on a platter can keep them in the Queen's good graces.

October 1300: 'The Waxman', most feared of war cogs, is carrying 'The Cloister Map' - an ancient manuscript alleged to chart the whereabouts of a legendary treasure - when it is overrun by ships flying the colours of the Hanseatic League. December 1303: Wilhelm Von Paulents, a representative of the Hanseatic League, arrives in Canterbury in possession of 'The Cloister Map'. Sir Hugh Corbett is sent, by Edward I, to negotiate for ownership of the chart. But shortly after his arrival, Von Paulents and his companions are assassinated. How could this happen when they were under city guard? Even more puzzling is the fact that 'The Cloister Map' has not been stolen. Now Corbett must uncover why the murders were committed. Is this revenge for past deeds or the actions of a killer in love with death...?

Rodger and Benjamin delve into the underworld of Tudor Britain... Conspiracy and murder combine to threaten Roger Shallot's own life in his fifth journal, The Gallows Murders, from acclaimed author Paul Doherty. Perfect for fans of Ellis Peters and Susannah Gregory. In the summer of 1523, the hot weather and the sweating sickness provide a fertile breeding ground for terrible murders and the most treasonable conspiracies. King Henry VIII has moved the court to Windsor where he slakes his lusts whilst the kingdom is governed by his first minister, Cardinal Wolsey. Someone is sending the King threatening letters from the Tower, under the name and seal of Edward, one of the princes supposedly murdered there, demanding that great amounts of gold be left in different parts of London. If the orders are not carried out, proclamations will be published throughout the capital which, coinciding with the outbreak of plague, may make it look as though the hand of God has turned against the Tudors for usurping the throne. Wolsey has only two people to turn to: his beloved nephew, Benjamin Daunbey, and Daunbey's faithful servant, Roger Shallot. Benjamin and Roger become embroiled in the murky Tudor underworld and the pressure to solve the mysteries mounts when King Henry threatens that Roger Shallot's life depends on it. What readers are saying about Paul Doherty: 'Light, light, light, but clever, clever, clever. And amusing. A relaxing afternoon's read!' 'Excellent book, kept me guessing 'til the end' 'Paul Doherty weaves a tangled web of murder and intrigue'

In 1517 the English armies have defeated and killed James IV of Scotland at Flodden and James's widow-queen, Margaret, sister to Henry VIII, has fled to England, leaving her crown under a Council of Regency. Roger Shallot is drawn into a web of mystery and murder by his close friendship with Benjamin Daunbey, the nephew of Cardinal Wolsey, first minister of Henry VIII. Benjamin and Roger are ordered into Margaret's household to resolve certain mysteries as well as to bring about her restoration to Scotland. They begin by questioning Selkirk, a half-mad physician imprisoned in the Tower. He is subsequently found poisoned in a locked chamber guarded by soldiers. The only clue is a poem of riddles. However, the poem contains the seeds for other gruesome murders. The faceless assassin always leaves a white rose, the mark of Les Blancs Sangliers, a secret society plotting the overthrow of the Tudor monarchy... This novel was previously published under the pseudonym Michael Clynes.
