This book is no less than a guide to the whole of Western philosophy—the ideas that have undergirded our civilization for two-and-a-half thousand years. Anthony Kenny tells the story of philosophy from ancient Greece through the Middle Ages and the Enlightenment into the modern world. He introduces us to the great thinkers and their ideas, starting with Plato, Aristotle, and the other founders of Western thought. In the second part of the book he takes us through a thousand years of medieval philosophy, and shows us the rich intellectual legacy of Christian thinkers like Augustine, Aquinas, and Ockham. Moving into the early modern period, we explore the great works of Descartes, Hobbes, Locke, Leibniz, Spinoza, Hume, and Kant, which remain essential reading today. In the nineteenth and twentieth centuries, Hegel, Mill, Nietzsche, Freud, and Wittgenstein again transformed the way we see the world. Running through the book are certain themes which have been constant concerns of philosophy since its early beginnings: the fundamental questions of what exists and how we can know about it; the nature of humanity, the mind, truth, and meaning; the place of God in the universe; how we should live and how society should be ordered. Anthony Kenny traces the development of these themes through the centuries: we see how the questions asked and answers offered by the great philosophers of the past remain vividly alive today. Anyone interested in ideas and their history will find this a fascinating and stimulating read.

Part One: Ancient philosophy. Part Two: Medieval philosophy. Part Three: The rise of modern philosophy. Part four: Philosophy in the modern world.

Sir Anthony Kenny presents a fascinating and authoritative new history of Western philosophy. Specially written for a broad popular readership, Kenny's lucid and stimulating history will become the definitive work for anyone interested in the people and ideas that shaped the course of Western thought.

This is the fascinating story of the emergence, from the early 16th to the early 19th century, of great ideas and intellectual systems that shaped modern thought. Introducing some of the world's most influential thinkers, including Descartes, Kant and Hume, Kenny looks closely at the main areas of philosophical exploration in this period. A selection of intriguing and beautiful illustrations offer a vivid evocation of the human and social side of philosophy.

Sir Anthony Kenny tells the fascinating story of the development of philosophy from the early 19th to the late 20th century. He guides the reader through the ideas of such great thinkers as Schopenhauer, Nietzsche, Heidegger, Sartre, Marx, Wittgenstein, and Russell. This volume concludes Kenny's magisterial New History of Western Philosophy.

## Online Library A New History Of Western Philosophy Anthony Kenny

Now in a special gift edition, and featuring a brand new foreword by Anthony Gottlieb, this is a dazzlingly unique exploration of the works of significant philosophers throughout the ages and a definitive must-have title that deserves a revered place on every bookshelf.

Sir Anthony Kenny tells the fascinating story of the birth of philosophy and its remarkable flourishing in the ancient Mediterranean world. This is the first of four volumes in which he unfolds a magisterial new history of Western philosophy. Specially written for a broad popular readership, but serious and deep enough to offer a genuine understanding of the great philosophers, Kenny's lucid and stimulating history will become the definitive work for anyone interested in the people and ideas that shaped the course of Western thought.

This illustrated edition of Sir Anthony Kenny's acclaimed survey of Western philosophy offers the most concise and compelling story of the complete development of philosophy available. Spanning 2,500 years of thought, *An Illustrated Brief History of Western Philosophy* provides essential coverage of the most influential philosophers of the Western world, among them Socrates, Plato, Aristotle, Jesus, Augustine, Aquinas, Machiavelli, Descartes, Hobbes, Spinoza, Berkeley, Hume, Rousseau, Kant, Hegel, Marx, Mill, Nietzsche, Darwin, Freud, Frege, Russell, and Wittgenstein. Replete with over 60 illustrations - ranging from Dufresnoy's *The Death of Socrates*, through to the title page of Thomas More's *Utopia*, portraits of Hobbes and Rousseau, photographs of Charles Darwin and Bertrand Russell, Freud's own sketch of the Ego and the Id, and Wittgenstein's Austrian military identity card - this lucid and masterful work is ideal for anyone with an interest in Western thought.

Anthony Kenny's engaging new history of Western philosophy now advances into the modern era. *The Rise of Modern Philosophy* is the fascinating story of the emergence of the great ideas and worldviews of modern thought. Beautifully illustrated throughout, Kenny's book introduces us to some of the world's most original and influential thinkers, and shows us the way to an understanding of their famous works.

A guide through more than a millennium of thought from 400 AD onwards, charting the story of philosophy from the founders of Christian and Islamic thought through to the Renaissance. This will become the definitive work for anyone interested in the people and ideas that shaped the course of Western thought.
