leaf version of the textbook and provides students the opportunity to personalize their book by incorporating their own notes and taking only the portion of the book they need to class - all at the fraction of the bound book price. It comes packaged with an access code to MyPsychLab, helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.

This package contains the following components: -0205765319: Abnormal Psychology: Core Concepts -0205669093: MyPsychLab with Pearson eText

This text is an unbound, binder-ready edition. For nearly four decades, Abnormal Psychology has been a trusted resource for instructors and students. Known for its comprehensive coverage of current research, theory and treatment, Abnormal Psychology has long been praised for its multiple paradigm approach and coverage of cutting-edge research and theory which are central to the discipline. The 12th Edition boasts a number of updated references throughout the text, with new clinical cases and figures. New material on culture and ethnicity and how it impacts the study of psychopathology and intervention.
