Medical Review Series *Acog Guidelines For Pap 2013*

Follow these Guidelines: If you are younger than 21 years—You do not need screening. If you are aged 21–29 years— Have a Pap test every 3 years. If you are aged 30–65 years—You can choose one of three options: Have a Pap test and an HPV test (co-testing) every 5 years; Have a Pap test alone every 3 years; Have an HPV test alone every 5 years

Cervical Cancer Screening | ACOG

New 2013 Pap Smear Recommendations. The American College of Obstetricians and Gynecologists (ACOG) recently came out with new Pap smear guidelines. Women should have their first screening Pap smear at age 21 unless the woman has had a previous abnormal Pap smear. Women in their 20's should have a Pap smear every two years (assuming prior Pap smears have been normal). Women age 30 and older who have had three consecutive normal Pap smears should have a Pap smear every three years. Women who ...
