"Hortense Powdermaker's *After Freedom: A Cultural Study of the Deep South* includes the survey of questions she asked people in her research in the 1930s and the tabulation of their answers. American Culture | Study in the USA

The history of Black civil rights is the story of America's caste system. It is the story of how for centuries upper-class whites made African Americans into an enslaved class, easily identifiable because of their dark skin, and then reaped the benefits—sometimes using law, sometimes using religion, sometimes using violence to keep this system in place.
