Hawaii, *The Descendants* is a stunning debut novel about an unconventional family forced to come together and re-create its own legacy—and the inspiration for the major motion picture starring George Clooney. Fortunes have changed for the King family, descendants of Hawaiian royalty and one of the state's largest landowners. Matthew King's daughters—Scottie, a feisty ten-year-old, and Alex, a seventeen-year-old recovering drug addict—are out of control, and their charismatic, thrill-seeking mother, Joanie, lies in a coma after a boat-racing accident. She will soon be taken off life support. As Matt gathers his wife's friends and family to say their final goodbyes, a difficult situation is made worse by the sudden discovery that there's one person who hasn't been told: the man with whom Joanie had been having an affair. Forced to examine what they owe not only to the living but to the dead, Matt, Scottie, and Alex take to the road to find Joanie's lover, on a memorable journey that leads to unforeseen humor, growth, and profound revelations. **BONUS:** This edition includes an excerpt from *Kauai Hart Hemmings's The Possibilities*.

Nothing in Owen's life has been right since his father died in prison, accused of a crime Owen is certain he didn't commit. Monroe, the IT guy at school, might finally bring Owen the means to clear his father's name by letting him use an Animus—a device that lets users explore genetic memories buried within their own DNA. During a simulation, Owen uncovers the existence of a powerful relic long considered a legend—the Trident of Eden. Now two secret organizations will stop at nothing to take possession of this artifact—the Brotherhood of Assassins and the Templar Order. It becomes clear the only way to save himself is to find the Trident first. Under the guidance of Monroe, Owen and a group of other teenagers go into a memory they all share within their DNA: the 1863 Draft Riots in New York City. Owen and his companions will find themselves tested on the violent streets of New York, and their experiences in the past will have far-reaching consequences in the present.

After wiping out the drak nest, Eric finds himself now also in a trap. In order to avoid dying in a cave-in, he activates the manuscript he received for defeating the Lady of the Anomaly. A portal then whisks Eric away to the lookout point atop the mysterious Citadel of Chaos. The entrance to the Citadel is guarded by the Gatekeeper, a huge troll encased head to toe in a suit of plate armor. Thanks to his Friend of the Trolls amulet, Eric manages to avoid fighting him and thus passes the Gatekeeper's first test and can enter the Citadel of Chaos to partake in its mysteries. Eric isn't interested in its mysteries though and he tells the troll as much directly. He even goes so far as to say he would rather just go on his merry way and leave the Citadel. But the Gatekeeper informs Eric that he will not be able to leave quite so easily because now that he has activated the manuscript, he must undergo a test known as Unity with Chaos! On the one hand, Eric understands that taking part in the undoubtedly dangerous activity threatens to end not only in loss of time, but possibly loss of life as well. On the other hand though, he remembers perfectly well what Chaos Magic is capable of. What if Eric is able to pass the test? Will Chaos grant him power? After all, Eric is conscious of the fact that, despite how markedly he has changed and grown stronger, he is still nowhere near as powerful as the Steel King, who is holding Maya and Mee in captivity. Could the gods perhaps be telling Eric the time has come to do as the Woodwose instructed? The time has come to grow stronger!

A race with phenomenal powers of the mind. Human-animal shifters reviled for their passionate natures. Hostility simmers between them—along with hidden, passionate hunger—in the stunning Psy-Changeling novels. From the acclaimed author of the Morgan Kingsley, Exorcist books comes the gripping first novel in a new series about a private eye who discovers, to her surprise, that she's an immortal huntress. Nikki Glass can track down any man. But when her latest client turns out to be a true descendant of Hades, Nikki now discovers she can't die. . . . Crazy as it sounds, Nikki's manhunting skills are literally god-given. She's a living, breathing descendant of Artemis who has stepped right into a trap set by the children of the gods. Nikki's new “friends” include a descendant of Eros, who uses sex as a weapon; a descendant of Loki, whose tricks are no laughing matter; and a half-mad descendant of Kali who thinks she's a spy. But most powerful of all are the Olympians, a rival clan of immortals seeking to destroy all Descendants who refuse to bow down to them. In the eternal battle of good god/bad god, Nikki would

make a divine weapon. But if they think she'll surrender without a fight, the gods must be crazy. . . .

Six Months after the Apocalypse...Adrian will soon discover if the choices he's made have cost him a son. Even his witch can't be sure. Neither can the others like her... The powers of the descendants are growing, and so is Safe Haven's awareness of having magic in their midst. Angela is no longer the only witch in Adrian's camp of survivors, if she ever was. The Aftermath of a Nuclear War Now on the way to Arkansas, these battered refugees will face a more dangerous threat than even the slavers. Furious at the latest bloodshed between lawless groups of humanity, Mother Nature has declared her own WAR, repeatedly unleashing her fury against all survivors. The apocalypse has never been more lethal as the aftermath of a nuclear confrontation continues to take its toll on what remains of the great American herd. Can a Marine and a witch keep them together? Interactive Bonus! These are a few of the interactive features you'll find in this book, if you look hard enough. A few will be difficult, but most of the answers are given or the clues are simple to solve. Some items are based on the things you've learned while reading this series. \*View Safe Haven's route of travel\* Listen to a radio call \*Find the 7 hidden scenes (83 pages total!)\* Visit the Cutting Room Floor \*Do an apocalypse writing challenge

A Novel where Ancient Aliens meets X-Files Over 30,000 years ago, an alien race known as the Atlanteans (or Nephilim) genetically engineered hybrid Earthling species. A great war broke out, ending about 10,000 BC, with Earth tilting on its axis and several continents sinking into the oceans. The surviving descendants were humans and Reptilian humanoids, the latter taking over the planet, running everything from their underground network of cities. While Reptilian technology is light years ahead of humans, both races remain trapped on Earth due to the Atlanteans' crimes. Obsessed with escaping the planet's frequency fence, success is finally in sight for the Dragon Court. But as they prepare their exodus, the Dragon Queen's plan is sabotaged. A fly has gotten into the ointment. Coincidentally, a Reptilian outcast wakes up to a nightmare he can't shake free. Despised his entire life, Janus Demur finds himself in the crosshairs of the Pharaoh Queen's inquisition. Eyewitnesses that Janus has never met blame him for a crime of which he has no knowledge. But in the Underworld, nobody cares about innocence. Janus' very life depends upon finding someone else to blame.

When the 1% flees a climate-ravaged Earth for a luxury Martian colony, will the survivors left behind build a new utopia or collapse into post-apocalyptic chaos? Earth has devolved into corporate feudalism. The mega corporation NewOrigin promises a quick escape from an Earth made uninhabitable by global warming, and a fresh start on their new Martian colony. But when a whistleblower reveals that the colony has the capacity to hold only a tiny fraction of the Earth's population, the ultra elite

stampede for a standing spot near the bathroom on the last shuttle to Mars. There is Liam and his daughter Jemima, distant relatives of the CEO of NewOrigin, who battle against Earth's remaining billionaires in a race to the Skylift shuttle minutes before its last launch. Then there is Finbar, an establishment loyalist working at one of the largest social media networks on Earth. If she just keeps her head down and ignores the rioters outside, her contract promises her a golden ticket to Mars. But does the new colony really offer salvation? NewOrigin's rule becomes increasingly authoritarian in the struggle to control an overflowing population. Florentine, the once tech-billionaire, finds himself a member of the overstuffed colony's burgeoning underclass. In a world of only the powerful, who will dominate, who will revolt, and who will be left when the dust clears? Earth and Mars evolve in parallel over the next one hundred years. One society runs from its mistakes, while the other must meet them head on. When Tsunami, the great granddaughter of the once mighty NewOrigin CEO, flees Mars to beg political asylum on Earth, old resentments must be confronted in a planetary-wide, precedent-setting immigration hearing. *Descendants of Power* is darkly comedic science fiction at its best, merging rising fears of climate apocalypse with dreams of Martian colonization as it strives to answer the question: can we outrun our own human nature?

NEW YORK TIMES BESTSELLER • *Red Rising* hit the ground running and wasted no time becoming a sensation. *Golden Son* continues the stunning saga of Darrow, a rebel forged by tragedy, battling to lead his oppressed people to freedom. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR, BUZZFEED, AND BOOKLIST • “Gripping . . . On virtually every level, this is a sequel that hates sequels—a perfect fit for a hero who already defies the tropes. [Grade:] A”—*Entertainment Weekly* As a Red, Darrow grew up working the mines deep beneath the surface of Mars, enduring backbreaking labor while dreaming of the better future he was building for his descendants. But the Society he faithfully served was built on lies. Darrow’s kind have been betrayed and denied by their elitist masters, the Golds—and their only path to liberation is revolution. And so Darrow sacrifices himself in the name of the greater good for which Eo, his true love and inspiration, laid down her own life. He becomes a Gold, infiltrating their privileged realm so that he can destroy it from within. A lamb among wolves in a cruel world, Darrow finds friendship, respect, and even love—but also the wrath of powerful rivals. To wage and win the war that will change humankind’s destiny, Darrow must confront the treachery arrayed against him, overcome his all-too-human desire for retribution—and strive not for violent revolt but a hopeful rebirth. Though the road ahead is fraught with danger and deceit, Darrow must choose to follow Eo’s principles of love and justice to free his people. He must live for more. Praise for *Golden Son* “Stirring . . . Comparisons to *The Hunger Games* and *Game of Thrones* series are inevitable, for this tale has elements of both.”—*Kirkus Reviews* “Brown writes layered, flawed characters . . . but plot is his most
