Agile IT Organization Design: For Digital Transformation and Continuous Delivery

Agile IT Organization Design | ThoughtWorks

To understand the benefit of Agile for organization design, it helps to first understand the product(s) an organization design produces. As we discuss in Chapter One of our book, Mastering the Cube: Overcoming Stumbling Blocks and Building an Organization that Works, organization design is not just about creating an org chart. An effective organization is a manifestation of the collective logic of the organization's leaders about how the organization is set-up to deliver results.

How Do You Use Agile Principles in Organization Design ...

Visit our Organization Design page Looking forward, the results suggest that companies have higher aspirations for agility. Three-quarters of respondents say organizational agility is a top or top-three priority on their units' agendas, and more transformations appear to be on the way.
