In the endless skies of a planet with no surface, a birdlike queer girl named Coda sails alone. Her mother is an absent addict, and her best friend has vanished. Just when she's at her most aimless, the sun god appears to Coda in a storm, granting her visions of other worlds, the ability to see across the electromagnetic spectrum, and a divine mission. Elsewhere, a primate named Ran is leaving his forest home for the first time. His older brother, desperate to start a family, is uprooting their lives to move to the city on the coast-where the racial majority walks upright, eats only meat, and builds awe-inspiring spacecraft. As Ran adjusts to culture shock, his sole bright spot is the dream of flying. Phoenix Dawn is a tale of first contact between worlds, the struggle to empathize with people who live-and love-in unfamiliar ways, and the crises of faith that arise from meeting one's gods firsthand.

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

This groundbreaking and innovative text addresses the deep ontological and epistemological commitments that underpin conventional positivist methods and then demonstrates how "method" can be understood in much broader and more interesting ways. Drawing on a broad range of philosophical and methodological theory as well as a wide variety of artistic sources from fine art to cinema and from literature to the blues, leading contemporary thinker Michael Shapiro shows the reader how a more open understanding of the concept of method is rewarding and enlightening. His notion of 'writing-as-method' is enacted throughout the text and offers a stimulating alternative for students to positivist social science methods. This is essential reading for all students and faculty with an interest in post-positivist methods.

Learn the rules to building loyal (and lucrative) digital followings Renegades Write the Rules reveals the innovative strategies behind the social media success of today's top celebrities, brands, and sports icons, and how you can follow their lead. Author Amy Jo Martin is the founder of Digital Royalty and the woman who pioneered how professional sports integrate social media. In this book she shows how to build a faithful following and beat the competition clamoring for people's attention by continually delivering value - when, where, and how people want it. People want to be heard, to be involved, to be entertained, to be adventurous, to be informed. Reveals the winning strategies for using social media to achieve dramatic results Shows how to gain influence with social media that requires an unprecedented (and potentially uncomfortable) level of accessibility and ongoing affinity Filled with illustrative examples of social media successes (including Dwayne 'The Rock' Johnson, Shaquille O'Neal, and Nike) that show how humanizing a brand through social media leads to monetization Explores how Amy Jo Martin and other successful entrepreneurs are becoming renegades by using social media to innovate their personal and professional lives The book reveals one of the basic rules of digital media success: Humans connect with humans, not logos and creative taglines.

"An intimate, close-up portrait of Hunter S. Thompson, fearless outlaw journalist, "avenging proxy for the American polity," whose manic first-person articles and exposés so interwoven with the getting of the story, gave rise to gonzo journalism (gonzagas-"fooled you"; bizarre). A portrait of the man: writer, brother, husband, manic searching soul who grew up with the times he inhabited, and in part created; a portrait most of all of the father: the alcoholic, drug fueled, charismatic, irresponsible, idealistic, sensitive man, by the son who lived through it all and thrived to tell the dangerous, complex, loving
