• A New Republic Best Book of the Year • The Globalist Top Books of the Year • Winner of the Maine Literary Award for Non-fiction • Particularly relevant in understanding who voted for who in this presidential election year, this is an endlessly fascinating look at American regionalism and the eleven “nations” that continue to shape North America According to award-winning journalist and historian Colin Woodard, North America is made up of eleven distinct nations, each with its own unique historical roots. In American Nations he takes readers on a journey through the history of our fractured continent, offering a revolutionary and revelatory take on American identity, and how the conflicts between them have shaped our past and continue to mold our future. From the Deep South to the Far West, to Yankeeedom to El Norte, Woodard (author of American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good) reveals how each region continues to uphold its distinguishing ideals and identities today, with results that can be seen in the composition of the U.S. Congress or on the county-by-county election maps of any hotly contested election in our history.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

An accessible and educational illustrated book profiling 50 notable American Indian, Alaska Native, and Native Hawaiian people, from NBA star Kyrie Irving of the Standing Rock Lakota to Wilma Mankiller, the first female principal chief of the Cherokee Nation Celebrate the lives, stories, and contributions of Indigenous artists, activists, scientists, athletes, and other changemakers in this beautifully illustrated collection. From luminaries of the past, like nineteenth-century sculptor Edmonia Lewis—the first Black and Native American female artist to achieve international fame—to contemporary figures like linguist jessie little doe baird, who revived the Wampanoag language, Notable Native People highlights the vital impact Indigenous dreamers and leaders have made on the world. This powerful and informative collection also offers accessible primers on important Indigenous issues, from the legacy of colonialism and cultural appropriation to food sovereignty, land and water rights, and more. An indispensable read for people of all backgrounds seeking to learn about Native American heritage, histories, and cultures, Notable Native People will educate and inspire readers of all ages.

For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of “dead white men.” As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

Explore America's rich and complex past in this accessible presentation of American history Using a streamlined and powerful narrative, the authors take readers beyond an assortment of facts to tell the story of our nation. American Stories covers the essential elements and events in American history and uses significant incidents and episodes to reflect the dilemmas, choices, and decisions made by the American people as well as by their leaders. This title is available in a number of formats - digital and print. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more. To learn more about pricing options and customization, click the Choices tab. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Discover the story of Amtrak, America's Railroad, 50 years in the making. In 1971, in an effort to rescue essential freight railroads, the US government founded Amtrak. In the post-World War II era, aviation and highway development had become the focus of government policy in America. As rail passenger services declined in number and in quality, they were simultaneously driving many railroads toward bankruptcy. Amtrak was intended to be the solution. In Amtrak, America's Railroad: Transportation's Orphan and Its Struggle for Survival, Geoffrey H. Doughy, Jeffrey T. Darbee, and Eugene E. Harmon explore the fascinating history of this popular institution and tell a tale of a company hindered by its flawed origin and uneven quality of leadership, subjected to political gamesmanship and favoritism, and mired in a perpetual philosophical debate about whether it is a business or a public service. Featuring interviews with former Amtrak presidents, the authors examine the current problems and issues facing Amtrak and their proposed solutions. Created in the absence of a comprehensive national transportation policy, Amtrak manages to survive despite inherent flaws due to the public's persistent loyalty. Amtrak, America's Railroad is essential reading for those who hope to see another fifty years of America's railroad passenger service, whether they be patrons, commuters, legislators, regulators, and anyone interested in railroads and transportation history.
