Kaplan's, 5-Steps, Crash Course and other review books are great resources for that last month before the exam, but Tamm's Textbook Tools student activity books are meant to be an accompaniment all year long. This AP\* U.S. History companion is filled with vocab and assignments that follow the Kennedy/Cohen sixteenth edition for all 41 chapters. They can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be assigned as regular homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. As publishers began putting their content online, a niche for traditional classwork was opened, a void filled by this series. And whether the textbook itself is written in ink or electrons, many students still find it more valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in

Why can't a Quechua speaker wear pants? Anna M. Babel uses this question to open an analysis of language and social structure at the border of eastern and western, highland and lowland Bolivia. Through an exploration of categories such as political affiliation, ethnic identity, style of dress, and history of migration, she describes the ways that people understand themselves and others as Quechua speakers, Spanish speakers, or something in between. Between the Andes and the Amazon is ethnography in storytelling form, a rigorous yet sensitive exploration of how people understand themselves and others as members of social groups through the words and languages they use. Drawing on fifteen years of ethnographic research, Babel offers a close examination of how people produce oppositions, even as they might position themselves *in between* those categories. These oppositions form the raw material of the social system that people accept as *normal* or *the way things are*. Meaning-making happens through language use and language play, Babel explains, and the practice of using Spanish versus Quechua is a claim to an identity or a social position. Babel gives personal perspectives on what it is like to live in this community, focusing on her own experiences and those of her key consultants. Between the Andes and the Amazon opens new ways of thinking about what it means to be a speaker of an indigenous or colonial language—or a mix of both.

Sexual Artifice marks the evolution of *Genders* from a triannual journal to a biannual anthology. Henceforth, each volume will have a focus on a particular gender-related issue, offering original essays on the specific theme. This volume proposes that there is something more to the social construction of gender than what social science

has been able to describe. On the contested state of international politics, public imagery, and nationalist cinema, the artifice of sexuality wields an enormous power to influence the interpretation of our social selves and the world we live in. These essays collectively explore the art of constructing gender in symbolic media images; in poetry, photography, and montage; in dramatic identity politics; and, last but not least, in contemporary feminism itself. With original essays on Virginia Woolf's Orlando; Anita Hill, Clarence Thomas and the culture of romance; Valerie Solanis (the woman who shot Andy Warhol); male hysteria and the U.S. invasion of Panama; and representations of women in Northern Ireland, *Sexual Artifice* offers up some of the most thought-provoking and daring young scholarship in contemporary cultural and gender studies. These vols. contain the same material as the early vols. of Social sciences & humanities index.

Bestselling travel writer Richard Grant offers an entertaining and profound look at a city like no other. Natchez, Mississippi, once had more millionaires per capita than anywhere else in America, and its wealth was built on slavery and cotton. Today it has the greatest concentration of antebellum mansions in the South, and a culture full of unexpected contradictions. Prominent white families dress up in hoopskirts and Confederate uniforms for ritual celebrations of the Old South, yet Natchez is also progressive enough to elect a gay black man for mayor with 91% of the vote. Much as John Berendt did for Savannah in *Midnight in the Garden of Good and Evil* and the hit podcast *S-Town* did for Woodstock, Alabama, so Richard Grant does for Natchez in *The Deepest South of All*. With humor and insight, he depicts a strange, eccentric town with an unforgettable cast of characters. There's Buzz Harper, a six-foot-

five gay antique dealer famous for swanning around in a mink coat with a uniformed manservant and a very short German bodybuilder. There's Ginger Hyland, "The Lioness," who owns 500 antique eyewash cups and decorates 168 Christmas trees with her jewelry collection. And there's Nellie Jackson, a Cadillac-driving brothel madam who became an FBI informant about the KKK before being burned alive by one of her customers. Interwoven through these stories is the more somber and largely forgotten account of Abd al Rahman Ibrahima, a West African prince who was enslaved in Natchez and became a cause célèbre in the 1820s, eventually gaining his freedom and returning to Africa. Part history and part travelogue, *The Deepest South of All* offers a gripping portrait of a complex American place, as it struggles to break free from the past and confront the legacy of slavery.

Clear, concise, integrated, and up-to-date, *Give Me Liberty!* is a proven success with teachers and students. Eric Foner pulls the pieces of the past together into a cohesive picture, using the theme of freedom throughout. The Fourth Edition features stronger coverage of American religion and a reinforced pedagogical program aimed at fostering effective reading and study skills. The Seagull Edition includes the full text of the regular edition in a compact volume, for an affordable price.
