Bank Financial Management has been written keeping in view specific knowledge and skill needs of banking professionals desirous of gaining advanced knowledge of banking. The book deals with four important areas of banking, viz., International Banking, Ri

As the first of the nation's 78 million baby boomers begin reaching age 65 in 2011, they will face a health care workforce that is too small and woefully unprepared to meet their specific health needs. Retooling for an Aging America calls for bold initiatives starting immediately to train all health care providers in the basics of geriatric care and to prepare family members and other informal caregivers, who currently receive little or no training in how to tend to their aging loved ones. The book also recommends that Medicare, Medicaid, and other health plans pay higher rates to boost recruitment and retention of geriatric specialists and care aides. Educators and health professional groups can use Retooling for an Aging America to institute or increase formal education and training in geriatrics. Consumer groups can use the book to advocate for improving the care for older adults. Health care professional and occupational groups can use it to improve the quality of health care jobs.

The primary epic of Tamil literature.

Five hot tales of cuckold action by Jean Harlot and A. Cuckold, including: The Cuckold, His Wife, & Her Black Lovers Husband Learns to Love Creampie Watching My Wife With Other Men Groveling for the Mistress Boss Takes Wife

Fortran Is The Pioneer Computer Language Originally Designed To Suit Numerical, Scientific And Engineering Computations. In Spite Of The Birth Of Several Computer Languages, Fortran Is Still Used As A Primary Tool For Programming Numerical Computations. In This Book All The Features Of Fortran 77 Have Been Elaborately Explained With The Support Of Examples And Illustrations. Programs Have Been Designed And Developed In A Systematic Way For All The Classical Problems. All The Topics Of Numerical Methods Have Been Presented In A Simple Style And Algorithms Developed. Complete Fortran 77 Programs And More Than One Sets Of Sample Data Have Been Given For Each Method. The Content Of The Book Have Been Carefully Tailored For A Course Material Of A One Semester Course For The Computer Science, Mathematics And Physics Students.

In this incendiary new work, the controversial author and speaker Peter Rollins proclaims that the Christian faith is not primarily concerned with questions regarding life after death but with the possibility of life before death. In order to unearth this truth, Rollins prescribes a radical and wholesale critique of contemporary Christianity that he calls pyro-theology. It is only as we submit our spiritual practices, religious rituals, and dogmatic affirmations to the flames of fearless interrogation that we come into contact with the reality that Christianity is in the business of transforming our world rather than offering a way of interpreting or escaping it. Belief in the Resurrection means but one thing: Participation in an Insurrection. "What Pete does in this book is take you to the edge of a cliff where you can see how high you are and how far you would fall if you lost your footing. And just when most writers would kindly pull you back from edge, he pushes you off, and you find yourself without any solid footing, disoriented, and in a bit of a panic...until you realize that your fall is in fact, a form of flying. And it's thrilling." --Rob Bell, author of Love Wins and Velvet Elvis "While others labor to save the Church as they know it, Peter Rollins takes an ax to the roots of the tree. Those who have enjoyed its shade will want to stop him, but his strokes are so clean and true that his motive soon becomes clear: this man trusts the way of death and resurrection so much that he has become fearless of religion." --Barbara Brown Taylor, author of Leaving Church and An Altar in the World " Rollins writes and thinks like a new Bonhoeffer, crucifying the trappings of religion in order to lay bare a radical, religionless and insurrectional Christianity. A brilliant new voice—an activist, a storyteller and a theologian all in one—and not a moment too soon. " --John D. Caputo, Thomas J. Watson Professor of Religion Emeritus, Syracuse University " What does it mean when the Son of God cries out, ' My God, My God, why have you forsaken me ' ? Brilliantly, candidly, and faithfully, Rollins wrestles here with that question. You may not agree with his answers and conclusions, but you owe it to yourself and to the Church at large to read what he says. " --Phyllis Tickle, author, The Great Emergence "Excellent thinking and excellent writing! I hope this fine book receives the broad reading it deserves. It will change lives, and our understanding of what religion is all about!" -- Rohr,O.F.M., Center for Action and Contemplation; Albuquerque, New Mexico

Each tale in this volume reveals some or all facets of Tenali Ram's character.

A salacious title belies a moving look at intimacy and all its delicacies and absurdities.

This intricately woven narrative is one of the landmark novels of Indian modernism. This ambitious novel, teeming with characters, focuses on the family of Srinivasa Aiyar or SRS, who moves from his ancestral house in Alapuzhai in Kerala, to the more modern Kottayam, before returning to his wife Lakshmi ' s home in Nagercoil in Tamil Nadu. Set in the late 1930s and reflecting the political and social turmoil of the pre-war years, it chronicles the psychological conflict between SRS and his nine-year-old son, Balu; the moral struggle of a young widow, Anandam, as she considers remarriage; and the political journey of Sridaran, who chooses to break off his studies in England in order to join nationalist activities at home.
