Puppets I think

Paper Bag Puppets

are an awesome

craft for creative

kids because they

fill three important

buckets: (1)

They're made with

common materials

that are likely

already in our

homes (2) It's an open-ended craft that invites kids to create any animal from their imaginations (3) Children can include them in a puppet show or play, further encouraging pretend play.

and then feel like the puppet is the one talking, not them. This can encourage them to be more social and participate with other children.
