see for yourself. So go get it and be amazed."-- Paul Malmont, author of *The Chinatown Deathcloud Peril* "Super Spy is extraordinary, balancing its challenging, fractured narrative with a plot that grabs both the half of the heart that wants action and the half of the heart that wants people to love each other despite their loneliness."-- Teacher Librarian The critically-acclaimed spy thriller about cyanide, pen-guns, heartbreak and betrayal is back! Spanning the countries of Spain, France, and German during World War II, the graphic novel follows the intersecting life of six spies, exploring their small lies and deceptions, as well as the larger secrets they hide. A children's book is something more than it seems; a woman swims the English Channel to deliver a deadly secret; a German spy desperately seeks escape for herself and her daughter; and a spy continues to serve his country even beyond death. A gorgeous full-color graphic novel that not only reveals the nature of espionage, but how an individual can be lost in a world of lies and deception, and still manage to find redemption.

Increase students' ability to comprehend spoken Spanish; express their ideas & opinions; and analyze cultural perspectives while challenging fixed beliefs and cultural stereotypes. These outcomes motivated the respected author team of *Así lo veo*, the first Intermediate Spanish program to use a documentary, filmed specifically for the program, as the basis for instruction and learning. Since a documentary captures real situations and personal perspectives it is the perfect vehicle for increasing student engagement. With *Así lo veo*, the documentary motivates the presentation of content—vocabulary, grammar, and culture—and by extension, the learning. Specifically, *Así lo veo* documents how six Spanish speakers view timely, provocative themes. Because these are everyday people, not actors, they bring unscripted, real language as well as fresh ideas to the context of learning Spanish.
