Some of the orthopedic surgeons have successfully used the AO Principles for fracture management (chapters 2 Introduction-AO principles applied to the spine, 3 History of spine surgery within AO) to treat primarily spinal fractures and dislocations. Those concepts helped to significantly reduce the postoperative immobilization time with all its consequences and undoubtedly contributed to the development of an efficient treatment of spinal injuries, which is similar to what had previously ...

"AO Spine is the only truly global spine community which has something rich to offer for everyone across the world - in academics, research, and global friendship. Get involved and make a difference." S. Rajasekaran, AO Spine International Chairperson

AO Spine

The AO Spine curriculum is a framework based on entrustable professional activities (EPA's). An EPA is an essential activity that can be entrusted only to those who have acquired the requisite ability to work independently in a given healthcare context to achieve a desired outcome. The AO Spine curriculum focusses on the final level of autonomy, independent practice, which is the level at which surgeons perform their clinical activities.

Curriculum - AO Spine
