AP Biology Reading Guide Julia Keller 12d Fred and Theresa Holtzclaw Chapter 11: Cell Communication 1.  
What is a signal transduction pathway? A signal transduction pathway is the series of steps by which a  
signal from outside the cell is converted (transduced) into a functional change within the cell. 2.

Chapter 11: Cell Communication - Biology E-Portfolio

AP Biology is a survey course of biological science equivalent to the introductory biology course for  
science majors taught at the university level. AP Biology covers topics in greater depth and at a much  
faster pace than the normal Biology course you most likely took freshmen year.
