To access and use all the features of Apple Card, you must add Apple Card to Wallet on an iPhone or iPad with iOS or iPadOS 13.2 or later. Update to the latest version of iOS or iPadOS by going to Settings > General > Software Update. Tap Download and Install. Available for qualifying applicants in the United States.

iPhone 7 and iPhone 7 Plus The Ultimate iPhone 7 User Guide with Tips and Tricks Have you let all the hype get to your head? If you're like many rabid Apple fans out there, you were eagerly awaiting the newest iPhone's release. The iPhone 7 and iPhone 7 Plus promise to bring many features that users have been patiently awaiting for years. But what if you're not a current iPhone user? Is it at all possible to get started without needing to know everything these powerful, yet expensive, devices are capable of doing? What if you just want to be able to use the most important of the new features, without learning how to be a computer expert in the process? That's where this beginners guide to the iPhone 7 and iPhone Plus comes in. Here's what you can expect to learn from this book: How to set up your new iPhone right out of the box and start using it quickly. Ways the new Control Center can help you control your phone quickly. How to find the apps you want, and install them on your phone, whether they're free or paid apps. Getting to know Siri briefly, and the new features she brings to the iPhone 7 and iPhone 7 Plus. How to set up and use Apple Pay. New features that you will love in iOS 10, the latest operating system that comes installed on all iPhone 7 and iPhone 7 Plus devices. Download your E book "iPhone 7 and iPhone 7 Plus: The Ultimate iPhone 7 User Guide with Tips and Tricks" by scrolling up and clicking "Buy Now with 1-Click" button!

If you believe some news stories, the latest iPhone update (iOS 10) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 9) then you will most probably find it useful. If you are ready to learn read on!

Are you the proud owner of a new iPhone 5s or 5c (or upgrading the operating system on the phone from iOS 6 to 7)? Congratulations! Apple's iPhone is an incredible piece of personal technology that brings your work, play, education and more into the palm of your hand. The latest version of iPhone comes in two flavors - the 5s and 5c. With a blazingly fast A7 processor, improved camera sensors, and a new fingerprint security feature, iPhone 5s improves upon the impressive hardware of the iPhone 5 model. The iPhone 5c retails at a lower price, without some of the hardware improvements of the 5s. The iPhone 5c comes in four fun new colors, blue, green, yellow and pink. Both the 5s and the 5c also ship with iOS 7, the newest version of Apple's iOS mobile operating system. iOS 7 is a powerhouse of an OS, with a completely new design, centralized settings and management features, a new and improved Siri, streamlined notifications, a brand new iTunes radio feature, multitasking, and the addition of Apple AirDrop. iPhones running iOS 7 are even more fun, useful, social and easy to use. If you're unsure of what any of this means for you, no worries! We've written this guide just for you. While iPhone 5s is an impressive feat of technology and engineering, we'll skip the technical jargon and help you learn how to get the most out of your new iPhone in plain English. If you're new to iPhone or to iOS, we promise there's nothing to fear. iPhone is incredibly intuitive - with a handful of buttons and a few gestures, you'll gain access not only to a top-notch mobile phone, but also to a world of information, music, video, games, connectivity, productivity and more. And it gets better - we think you're even going to have fun learning all this stuff!

If you believe some news stories, the latest iPhone update (iOS 7) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of.The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it:1. Download it from the Apple iBookstore (it's free)2. Get it online by going to manuals.info.apple.com3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'.So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email.It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 6) then you will most probably find it useful.If you are ready to learn read on!

iOS 7 is a dramatic re-invention of Apple's mobile software that goes beyond mere additions and enhancements: The company is changing the very look of iOS itself. The overhauled design sports flatter icons, less skeumorphism, and thinner typefaces. That said, you won't be completely lost if you've used prior versions of iOS: Apple hasn't changed the home screen much, and the basic gestures and interactions are largely the same, with a few new exceptions. This guide packs in everything that's new in iOS 7, how to upgrade, and more.

So you want to know about all the cool new features Apple developed with iOS 7 for the iPhone? We at Scribe Digital have put together all the features for you to easily browse with screenshots depicting the feature; such as Photos Filters, Siri's Social Media Integration and much more in the following categories: + Apps + Maps + Media + Safari + Siri + Stores + Tweaks + User Interface + Weather The goal from the outset was to provide the reader with as many features as possible in a clear and concise manner, so you the user could go straight to benefiting from all the 100+ new features without having to dig deep. This clutter and jargon free approach is a winning formula enabling the user to quickly benefit from the iOS features and tricks, for both the novice and advanced user. We hope you enjoy this book as much as we have enjoyed putting it together for your benefit. Please email us with feedback at info@scribedigital.com We would really appreciate if you could take the time to leave a review also.

Everything you have heard about the iPhone 7 and 7 Plus are here and is true. Your new iPhone 7 and 7 Plus has no head jack, and if your phone falls in water it will not get damaged so easily. The camera is magnificent; you will be able to do things with your new phone that you would never be doing before with an Android phone. Unboxing your iPhone 7 When you eventually purchased your IPHONE 7 and you open the box, you will see: 1 main plug adaptor 1 lightning USB cable 1 set of earpods that comes with in-line remote 1 iPhone 7 handset 1 lightning jack adaptor 3.5mm, and I information pack attached with a SIM removal tool Assembling To assemble your iPhone 7, you first need to take out the SIM removal tool. Proceed by lifting the phone tray out along with its contents. A small metal ring is inside the pack known as the SIM removal tool. Use the Sim removal tool to eject the SIM card tray.
