Architecture According to Pigeons is a fun, lively introduction for children to world's most beautiful buildings. In this delightful book, Speck Lee Tailfeather reveals that he and his fellow pigeons are in fact great aficionados of architecture.

Written in the 1950s but unpublished until recently, Go Set a Watchman is neither a prequel nor a sequel to To Kill a Mockingbird, and attempting to read it as a simple continuation of the story does not do the work justice. As the adult Jean Louise, "Scout," returns to Macomb to visit Atticus, Go Set a Watchman perfectly captures a young woman, and a world, in painful yet necessary transition out of the illusions of the past—a journey that can only be guided by one's own conscience. While many characters appear in both novels, some significant characters, like Boo Radley and Hank Clinton, exist in only one of the texts. Go Set a Watchman is also strikingly different in style and tone. Thematically complex and highly allusive, it is a novel that demands active and close reading. This ebook contains sample chapters from Go Set a Watchman and a teaching guide to help educators lead their students through an exploration of the themes, structure, and allusive references in Go Set a Watchman. Questions in the Guided Reading and Discussion section will help highlight the development of plot, character, and theme. Because the text features allusions that students are likely to be unfamiliar with, the guide also includes an index of annotated allusions to help facilitate close reading. Prompts for Writing and Research provide topics for longer writing tasks or research projects. Finally, this guide features an additional section that explores the writer's craft by looking at both To Kill a Mockingbird and Go Set a Watchman.

The most popular and trusted source of portable drug information since 1987. Used by prescribers around the world, the Tarascon Pharmacopoeia® 2020 Deluxe Lab-Coat Edition continues its tradition as the leading portable drug reference packed with vital drug information to help clinicians make better decisions at the point of care. The Tarascon Pharmacopoeia® 2020 Deluxe Lab-Coat Edition is an expanded version of the Classic Shirt-Pocket Edition, containing more drugs, black box warnings, evidence-based off-label indications for adults and pediatric patients, and additional tables. This reference also includes typical drug dosing (all FDA approved), available trade and generic formulations, metabolism, safety in pregnancy and lactation, relative drug pricing information, Canadian trade names, and an herbal & alternative therapies section. Multiple tables supplement the drug content, including opioid equivalency, emergency drug infusions, pediatric drug dosing, and much more. New to the 2020 Edition: \* Updated with new drug information \* New drugs reflect Innovative trimester scheme for describing pregnancy and reproductive risk based on FDA's updated Pregnancy and Lactation Rule \* Outpatient Pediatric Drugs table revised to extend age ranges and reflect new recommendation that volume of liquid doses be measured only in mLs \* Renal dose adjustment to indicate when a drug needs a dose adjustment or is contraindicated in renal insufficiency \* FDA guideline updates \* Removal of discontinued drugs and outdated dosing information The Tarascon Pharmacopoeia® 2020 Deluxe Lab-Coat Edition is an essential resource for all physicians, pharmacists, nurses, physician assistants, dentists, medical transcriptionists, and other point of care providers. Each edition is meticulously peer-reviewed by experts and is now available in multiple print, mobile, and digital formats. The Tarascon Pharmacopoeia is also available in a Classic Shirt-Pocket version.

An examination of the diverse roles exotic animals, both living species and depicted as motifs in art, played in the fashioning of the Medici's courtly identity.

Architecture According to Pigeons is a fun, lively introduction for children to world's most beautiful buildings. In this delightful book, Speck Lee Tailfeather reveals that he and his fellow pigeons are in fact great aficionados of architecture.

A short biography of Desmond Doss, who, during the bloodiest battle of WWII, saved 50-100 men without firing or carrying a gun. He was the only American soldier in WWII to fight on the front lines without a weapon, as he believed that while the war was justified, killing was nevertheless wrong. As an army medic, he singlehandedly evacuated the wounded from behind enemy lines, braved fire while tending to soldiers, and was wounded by a grenade and hit by snipers.

Architecture According to Pigeons is a fun, lively introduction for children to world's most beautiful buildings. In this delightful book, Speck Lee Tailfeather reveals that he and his fellow pigeons are in fact great aficionados of architecture.

Gaming no longer only takes place as a «closed interactive experience» in front of TV screens, but also as broadcast on streaming platforms or as cultural events in exhibition centers and e-sport arenas. The popularization of new technologies, forms of expression, and online services has had a considerable influence on the academic and journalistic discourse about games. This anthology examines which paratexts gaming cultures have produced - i.e., in which forms and formats and through which channels we talk (and write) about games - as well as the way in which paratexts influence the development of games. How is knowledge about games generated and shaped today and how do boundaries between (popular) criticism, journalism, and scholarship have started to blur? In short: How does the paratext change the text?

The bestselling author of Misquoting Jesus, one of the most renowned and controversial Bible scholars in the world today examines oral tradition and its role in shaping the stories about Jesus we encounter in the New Testament—and ultimately in our understanding of Christianity. Throughout much of human history, our most important stories were passed down orally—including the stories about Jesus before they became written down in the Gospels. In this fascinating and deeply researched work, leading Bible scholar Bart D. Ehrman investigates the role oral history has played in the New Testament—how the telling of these stories not only spread Jesus' message but helped shape it. A master explainer of Christian history, texts, and traditions, Ehrman draws on a range of disciplines, including psychology and anthropology, to examine the role of memory in the creation of the Gospels. Explaining how oral tradition evolves based on the latest scientific research, he demonstrates how the act of telling and retelling impacts the story, the storyteller, and the listener—crucial insights that challenge our typical historical understanding of the silent period between when Jesus lived and died and when his stories began to be written down. As he did in his previous books on religious scholarship, debates on New Testament authorship, and the existence of Jesus of Nazareth, Ehrman combines his deep knowledge and meticulous scholarship in a compelling and eye-opening narrative that will change the way we read and think about these sacred texts.

A Book-Lover's Holidays in the Open is a classic literary work by Teddy Roosevelt which describes the US president's adventures in the great American outdoors. The man should have youth and strength who seeks adventure in the wide, waste spaces of the earth, in the marshes, and among the vast mountain masses, in the northern forests, amid the steaming jungles of the tropics, or on the deserts of sand or of snow. He must long greatly for the lonely winds that blow across the wilderness, and for sunrise and sunset over the rim of the empty world. His heart must thrill for the saddle and not for the hearthstone. He must be helmsman and chief, the cragsman, the rifleman, the boat steerer. He must be the wielder of axe and of paddle, the rider of fiery horses, the master of the craft that leaps through white water. His eye must be true and quick, his hand steady and strong. His heart must never fail nor his head grow bewildered, whether he face brute and human foes, or the frowning strength of hostile nature, or the awful fear that grips those who are lost in trackless lands.

National Bestseller: The complete trilogy that inspired Masterpiece production The Durrells in Corfu in one volume. The tales of a naturalist and his family, who left England for the Greek island of Corfu—where they interacted with fascinating locals of both human and animal varieties—these memoirs have become beloved bestsellers and inspired the delightful series that aired on PBS television. Included in this three-book collection are: My Family and Other Animals: Ten-year-old Gerald Durrell arrives on sun-drenched Corfu with this family and pursues his interest in natural history, making friends with the island's fauna—from toads and tortoises to scorpions and geckos—while reveling in the joyous chaos of growing up in an unconventional household. Birds, Beasts and Relatives: Written after a boyhood spent studying zoology, this memoir is part nature guide, part coming-of-age tale, and all charmingly funny memoir. The Garden of the Gods: In the conclusion of the trilogy, Durrell shares more tales of wild animals and his even wilder family, including his mother, Louisa, and his siblings Lawrence, Leslie, and Margo, in the years before World War II. "[Durrell's] books have an unfaïling charm. . . . It is a tribute to his skill that one never tires of his accounts" (Chicago Tribune). This ebook features an illustrated biography of Gerald Durrell including rare photos from the author's estate.

Architecture According to Pigeons is a fun, lively introduction for children to world's most beautiful buildings. In this delightful book, Speck Lee Tailfeather reveals that he and his fellow pigeons are in fact great aficionados of architecture.
