Fifty years after his death, Arturo Toscanini is still considered one of the greatest conductors in history, and probably the most influential. His letters, expertly collected, translated, and edited here by Harvey Sachs, will give readers a new depth of insight into his life and work. As Sachs puts it, they " reveal above all else a man whose psychological perceptions in general and self-knowledge in particular were much more acute than most people have thought likely. " They are sure to enthrall anyone interested in learning more about one of the great lives of the twentieth century. " This is a major contribution to our understanding of Toscanini and of several entire eras of late nineteenth- and twentieth-century musical life, especially the almost improvisatory looseness of opera in Italy, the glamour of European festivals, and the concert life of the United States. It ' s also a wonderful, sometimes downright salacious read. " —New York Times " Toscanini ' s large, cranky humanity comes alive throughout his letters, as it does in his best recordings. " —New York Review of Books " Edited with scrupulous care and wide-ranging erudition. " —Wall Street Journal " Sachs has served the conductor well . . . by editing this generously annotated and unprecedentedly revealing collection of letters that were written, usually in haste and often in fury, over the course of seventy years. " —Washington Post

On the 150th anniversary of his birth comes this monumental biography of Arturo Toscanini, whose dramatic life is unparalleled among twentieth-century musicians.

A detailed volume on Toscanini's heroic 17 years conducting the NBC Symphony Orchestra, which he started at age 70. Includes archival broadcast recordings, repertoire lists, videography and a discography. 34 photos.

This volume brings together two of B.H.Haggin's books on Toscanini - Conversations With Toscanini and The Toscanini Musicians Knew. In addition, this book contains two new interviews, a new index and supplementary documents.

As America's symbol of Great Music, Arturo Toscanini and the "masterpieces" he served were regarded with religious awe. As a celebrity personality, he was heralded for everything from his unwavering stance against Hitler and Mussolini and his cataclysmic tantrums, to his "democratic" penchant for television wrestling and soup for dinner. During his years with the Metropolitan Opera (1908-15) and the New York Philharmonic (1926-36) he was regularly proclaimed the "world's greatest conductor. " And with the NBC Symphony (1937-54), created for him by RCA's David Sarnoff, he became the beneficiary of a voracious multimedia promotional apparatus that spread Toscanini madness nationwide. According to Life, he was as well-known as Joe Dimaggio; Time twice put him on its cover; and the New York Herald Tribune attributed Toscanini's fame to simple recognition of his unique "greatness." In this boldly conceived and superbly realized study, Joseph Horowitz reveals how and why Toscanini became the object of unparalleled veneration in the United States. Combining biography, cultural history, and music criticism, Horowitz explores the cultural and commercial mechanisms that created America's Toscanini cult and fostered, in turn, a Eurocentric, anachronistic new audience for old music.
