Widowed one-week into her marriage, Kirithi accepts her fate and resolves not to be a grieving widow all her life. She begins to rebuild her life by focusing on a career. She is hired by Sharma Industries to avert the company’s collapse. Aditya, heir to Sharma Industries returns to India from the United States and moves right into Kirithi’s lonely and depressed heart, offering her a life she only dreamed about. Constrained by the oppressive taboo preventing all widows from remarrying, Kirithi struggles with the haunting question: would Aditya love her if he knew? Brought together by work, drawn closer through friendship, pulled apart by cultural taboos, their love shatters prejudice and offers hope.

[Death Wasn't Painful](#) is a true account of the experiences of a former Indian fighter pilot, who was taken prisoner during the 1971 Indo-Pak/Bangladesh Liberation War. While depicting the intrepid life of fighter pilots in active combat, the book also has an introspective side where it portrays the soldier’s reactions to the terrifying realities of war. The experiences of prisoners of war are finely drawn, as we share the emotions of war—death, alienation, loneliness and grief. Through heart-warming anecdotes and conversational passages of interactions with Pakistani interrogators, attendants, jailors and civilians, the book juxtaposes the metaphor of physical battles in the sky with the conflict of minds between two nations.

Issues for 1919-47 include Who’s who in India; 1948, Who’s who in India and Pakistan.

The book is designed to help the first year engineering students in building their concepts in the course on Programming for Problem Solving. It introduces the subject in a simple and lucid manner for a better understanding. It adopts a student friendly approach to the subject matter with many solved examples and unsolved questions, illustrations and well-structured C programs.

Do you want to be an RJ and entertain tons of listeners? Then this book is for you! Take a deep dive into the lives of fourteen eminent radio presenters to learn about the people behind the iconic voices that have entertained us via the airwaves-one of the oldest forms of communication. Gain some insight into these media influencers’ life stories-on and off air-and how each unique voice has a phenomenal journey, and an exclusive story, to tell. Get to know the challenges, ideals, inspirations, favourite songs and icons of the popular radio jockeys of our time, including the legend Ameen Sayani, and maybe this can be a career which inspires you too!

Asia is a complex and diverse continent, which has seen the scope and pace of transformation increase rapidly over the past 30 years. In turn, the economic growth and social change seen in the region, combined with new global security profiles and environmental challenges, have contributed to placing Asia at the forefront of international affairs. This Handbook brings together leading scholars of different disciplines, including Politics and International Relations, Security Studies and Law, to provide a comprehensive analysis of both the prospects and problems which have emerged from Asia’s rise. Examining how developments across the continent have influenced global politics and how the region has responded to the international community in the modern era, the sections cover: Major actors in Asian politics, especially China, Japan and India, International relations in Asia and intra-Asian tensions Special issues of world politics in Asia including modern conflicts in and attitudes towards the Middle East The Routledge Handbook of Asia in World Politics will be useful to students and scholars of Global Politics, International Relations and Asian Studies.

[Who is Geronimo Stiltonord? He is a mouseking -- the Geronimo Stilton of the ancient far north! He lives with his brawny and brave clan in the village of Mouseborg. From sailing frozen waters to facing fiery dragons, every day is an adventure for the micckings! Attack of the Dragons](#) The micckings are in a panic. The village’s best cook is ill, and until she recovers, there’s no delicious stew to eat! Geronimo Stiltonord departs immediately in search of a cure for her. But on the way, he ends up snout-to-snout with terrifying dragons! Can he make it back with his fur intact?
