In 2006, she heard about Dr Ulrich Werth's method with the implants in the ears for treating Parkinson's. It reminded her Dr Paul Nogier's words in one of the Auricular Magazines. One day, while treating a man in his clinic, he related that he would have liked to crumble the point with many needles rather than only one: the situation was really chronic and the patient needed help. antihistamines and antibiotics, and too quickly resort to ear tubes and surgery. In this updated and revised second edition of his bestselling *Childhood Ear Infections*, Dr. Michael Schmidt describes the current controversy in medical journals questioning existing treatments for chronic earaches.
