Aviation Psychology and Applied Human Factors

Although the Aviation Psychology Laboratory at OSU had one of the preeminent programs in the country, I had never taken a course in human factors - too busy with rats, cats and monkeys, I guess. In spite of this, I had rekindled a long-smoldering interest in aeronautics and space technology, and I accepted an offer to become a research psychologist at the Naval Training Devices Center in Orlando.

HUMAN FACTORS IN AVIATION - AviationLearning.net

Human factors (HF) and our understanding of its effects on safety performance continues to evolve and develop. In order to reduce HF risks to aviation safety we must influence attitudes and behaviours while embedding HF thinking into everything we do. By taking this approach, we aim to improve aviation safety and keep the interests of the consumer at the heart of our work.
