"A completely revised and updated second edition of one of the most popular and bestselling parenting books of all time, by America's favorite pediatrician, Dr. Harvey Karp. Harvey Karp, M.D. shares his groundbreaking approach to calming your new baby's crying and transforming your infant into the happiest baby on the block! His highly successful method is based on four revolutionary concepts: 1. Create the Fourth Trimester: How to re-create the womblike atmosphere your newborn baby still yearns for. 2. Find the Calming Reflex: An "off switch" all babies are born with, which quickly soothes fussing and crying. 3. Use the 5 S's: Five easy methods to turn on your baby's amazing calming reflex. 4. Apply the Cuddle Cure: How to combine the 5 S's to calm even colicky babies."--

"Powerful... Tells a singular story to illuminate a universal truth."--The New York Times Book Review The shocking truth about postwar adoption in America, told through the bittersweet story of one teenager, the son she was forced to relinquish, and their search to find each other During the Baby Boom in 1960s America, women were encouraged to stay home and raise large families, but sex and childbirth were taboo subjects. Premarital sex was common, but birth control was hard to get and abortion was illegal. In 1961, sixteen-

Online Library Baby

year-old Margaret Erle fell in love and became pregnant. Her enraged family sent her to a maternity home, and after she gave birth, she wasn't even allowed her to hold her own son. Social workers threatened her with jail until she signed away her parental rights. Her son vanished, his whereabouts and new identity known only to an adoption agency that would never share the slightest detail about his fate. Claiming to be acting in the best interests of all, the adoption business was founded on secrecy and lies. American Baby lays out how a lucrative and exploitative industry removed children from their birth mothers and placed them with hopeful families, fabricating stories about infants' origins and destinations, then closing the door firmly between the parties forever. Adoption agencies and other organizations that purported to help pregnant women struck unethical deals with doctors and researchers for pseudoscientific "assessments," and shamed millions of young women into surrendering their children. Gabrielle Glaser dramatically demonstrates the power of the expectations and institutions that Margaret faced. Margaret went on to marry and raise a large family with David's father, but she never stopped longing for and worrying about her firstborn. She didn't know he spent the first years of his life living just a few blocks away from her; as he grew, he wondered about where he came from and why he was given up. Their tale--one

Online Library Baby

they share with millions of Americans--is one of loss, love, and the search for identity. Adoption's closed records are being legally challenged in states nationwide. Open adoption is the rule today, but the identities of many who were adopted or who surrendered a child in the postwar decades are locked in sealed files. *American Baby* illuminates a dark time in our history and shows a path to reunion that can help heal the wounds inflicted by years of shame and secrecy.

Illustrations and rhyming text present nine steps Antiracist Baby can take to improve equity, such as opening our eyes to all skin colors and celebrating all our differences.

What if the rules of modern motherhood were turned upside down? *The Other Baby Book: A Natural Approach to Baby's First Year* guides new and expecting mamas on a journey past "shoulds" and "musts," back to the heart of true joy and relationship. Motherhood has been targeted by advertisers, and bombarded by opinions masquerading as medical necessities. Massaro and Katz are helping mothers reclaim a simpler, more connected first year with their babies. Readers will find eight fun-to-read chapters filled with baby-friendly practices, along with stories from moms in-the-know. In a soothing yet sassy voice, the

Online Library Baby

authors present compelling research on topics like birth, holding your baby, breastfeeding, infant sleep, pottying babies (yes, really!), sign language, baby-led solids, and self-care for moms. The book also features contributions from leading practitioners in baby care: Dr. James McKenna, Dr. Janet Zand, Naomi Aldort, Gill Rapley, Nancy Mohrbacher, and more.

For all the littlest progressives, waking up to seize a new day of justice and activism. Woke babies are up early. Woke babies raise their fists in the air. Woke babies cry out for justice. Woke babies grow up to change the world. This lyrical and empowering book is both a celebration of what it means to be a baby and what it means to be woke. With bright playful art, Woke Baby is an anthem of hope in a world where the only limit to a skyscraper is more blue.
