According to Bachman and Palmer (1996), this process requires the outline of frameworks delimiting the constructs to be tested and the development of methods describing how these constructs can be...

(PDF) Assessing Communicative Language Ability by means of ...

The Bachman and Palmer model of the characteristics of test tasks shows how much more advanced testing theory and thinking has become over the years, as testers have agonised over their test methods. Yet SLA researchers and other applied linguists often use techniques for data elicitation that have long been questioned in testing.

Test Usefulness 1. Principles of Language Assessment: Test Usefulness Course: Testing Bachman & Palmer, Ch. 2 2. The most important quality of a test is its usefulness. But, -What makes a test useful? - How do we know a test will be useful before we - Or it has been useful after we have used it? 3.

Test Usefulness - SlideShare

The language is simple. It is well organized. A suggestion is that, read this book after you reading Language Testing in Practice by Bachman & Palmer also. I finished both and I felt like they complement each other pretty well, since Language Testing in Practice talks about mainly the six usefulness criteria and other important concept about SLA and this book provides a general framework for SLA. I would say this book is macro and the other is micro. Definitely I will but other books written ...

Language Testing in Practice Designing and Developing ...

The language abilities we attempted to measure comprised three main traits: grammatical competence, pragmatic competence, and socio linguistic competence. Three different question types were used. The subjects were 116 non-native English speakers from the Salt Lake City area.

The construct validation of self-ratings of communicative ...

Next, Bachman’s (1990) framework of communicative language ability is presented. Finally, Bachman and Palmer’s (1996, 2010) most recent framework of language use is introduced and reviewed. This chapter ends with a discussion of the relevance of the aforementioned theoretical studies to the current study.
