The National Geographic Society's "Field Guide to the Birds of North America" is one such guide, and is considered by many to be one of the best all-around selections. Also check to see if there are any guides which are state specific. Stan Tekiela has produced individual bird guides foremost states.

Bird Field Guides - Birdzilla

The best standard field guide for beginners, and easiest to use in the field, is the Kaufman Field Guide to the Birds of North America. It displays over 750 species in a truly unique and field friendly format. Order through Amazon here. Though I didn't review it here, I always recommend the National Geographic Birding Essentials (2007). It is an excellent overview of bird watching and how to improve your birding skills.

What is the best bird watching book for beginners? - What ...

The bulk of our books in stock are guides to help you identify birds and a variety of wild plants and animals. Because different individuals have different preferences, we strive to carry a wide variety of field guides. Some are very localized in their focus while others cover the entire United States. Ohio Wildlife Field Guides and Backyard Wildlife

Backyard Bird Identification Guide. When it comes to backyard bird identification, a lot of people will rush off to find their field guide as soon as they see a bird that they don't immediately recognise. The trouble is by the time they've found their guide, the bird may well have moved on. So the best thing to do when you see an unknown bird species is to quickly write down everything you can about it and make quick sketches too.
