716T - Bailey Birkett Pressure & Temperature Safety Relief Valve. The 716T protects unvented hot water systems, against both excess pressure and excess temperature. Increasing pressure is sensed by the spring, which automatically opens the relief valve at the pre-set pressure and the integral probe independently monitors increases in temperature, safely opening the relief valve.

Bailey Birkett Safety Relief Valves - Johnson Valves

Bailey Bailey was established in 1832 and is a UK manufacturer. Bailey designs and manufactures Safety Valves and Reducing Valves. Flowstar is a major approved stockist of Bailey products.

Bailey - Safety Valves, Relief Valves & Reducing Valves

About Us. Bailey is one of the UK's leading manufacturers of safety valves, relief valves and reducing valves. Bailey was established in 1832. Flowstar (UK) Limited (Company Number: 01384915, VAT Number: GB 475 448 317) is the largest worldwide stockist of Bailey safety valves, Bailey relief valves and Bailey reducing valves.
