American military bases encircle the globe. More than two decades after the end of the Cold War, the U.S. still stations its troops at nearly a thousand locations in foreign lands. These bases are usually taken for granted or overlooked entirely, a little-noticed part of the Pentagon's vast operations. But in an eye-opening account, *Base Nation* shows that the worldwide network of bases brings with it a panoply of ills—and actually makes the nation less safe in the long run.

The Evolution of the Base Nation How the US Military Lost Its International Appeal. The Evolution of the Base Nation. Obinna Chukwu July 18, 2017 June/July 2017. The United States is the preponderant military power in the world today, with unparalleled capacity to act militarily anywhere in the world. The end of the Second World War and the dawn of a new international order saw the emergence of an outward-facing United States of America.
