In the Sitapur district of Uttar Pradesh, an agricultural region with high rates of infant mortality, maternal health services are poor while family planning efforts are intensive. By following the daily lives of women in this setting, the author considers the women's own experiences of birth and infant death, their ways of making-do, and the hierarchies they create and contend with. This book develops an approach to the care that focuses on emotion, domestic spaces, illicit and extra-institutional biomedicine, and household and neighborly relations that these women are able to access. It shows that, as part of the concatenation of affect and access, globalized moralities about reproduction are dependent on ambiguous ideas about caste. Through the unfolding of birth and death, a new vision of "untouchability" emerges that is integral to visions of progress.

This volume presents varied essays exploring women's voices, agencies and aesthetics in the traditional handling of childbearing. Ayurveda as it comprehends reproduction, sohars (birth songs), birth narratives cord-cutters, dais' knowledge and compensation systems, as well as analyses of

The Anger of Saintly Men is the story of three brothers, Sonu, Anu and Vicky, growing up in the 90s. A new decade has started. Maine Pyar Kiya has just been released. Young boys are having wet dreams after imagining what Salman Khan saw when Bhagyashree undraped herself for him on that windy night. The three brothers have just moved to their new, first and last home, which they name, Chuhedani. The Anger of Saintly Men explores how little boys are made men in Indian households. A story of sexual awakening, heartbreak and growing up under the shadow of India's first wave of liberalisation. Told with compassion, the book delves deep into issues of masculinity, caste, class, homophobia and shame. The Anger of Saintly Men questions systems which have crushed men's expectations, desires & hopes for centuries. One of the first novels that compels us to think on how we raise men and patriarchy's deep grip on men's life.

“ Every person has dreams; some may be realized while some may remain dreams only. I have always believed in dreaming and dreaming big. I have also believed that mere dreaming is not enough. One must work hard to realize those dreams by putting in honest efforts in the right direction. I have also had several dreams, some of which were realized but some did remain dreams only. It is reasonable to analyze, at this advanced age, which of the dreams could be turned into realities, and which remained dreams only. I have the pleasure of sharing with my readers my life time experience in this direction. ”
