'The UNDERSTAND! Biochemistry CD is a self-paced study tool that allows students to review, visualize, and test their mastery of biochemistry! There are 65 "Minicourses" organized as self-contained tutorials on key subject areas in biochemistry! (inside front cover)

Authors Dave Nelson and Mike Cox combine the best of the laboratory and best of the classroom, introducing exciting new developments while communicating basic principles of biochemistry.

"[The book] has been designed for one- and two-semester courses for undergraduates majoring in biochemistry and related disciplines, as well as for graduate students who require a broad introduction to biochemistry. It is also suited for courses at medical, dental, veterinary, pharmacy, and other professional schools. The book will be used most successfully by students who have completed two years of college-level chemistry, including organic chemistry, and have received at least an introduction to biology. While some background in physics and physical chemistry would be useful, all relevant principles are introduced in a manner that should make them accessible to most students"--Preface.

is an amalgamation of medical and basic sciences, and is comprehensively written and later revised and updated to meet the curriculum requirements of Medical, Pharmacy, Dental, Veterinary, Biotechnology, Agricultural Sciences, Life Sciences students, and others studying Biochemistry as one of the subjects. This book fully satisfies the revised MCI competency-based curriculum. is the first textbook on Biochemistry in English with multicolor illustrations by an Asian author. The use of multicolors is for a clear understanding of the complicated structures and reactions. is written in a lucid style with the subject being presented as an engaging story growing from elementary information to the most recent advances and with theoretical discussions being supplemented with illustrations, tables, biomedical concepts, clinical correlates, and case studies for an easy understanding of Biochemistry. has each chapter beginning with a four-line verse followed by the text with clinical correlates, a summary, and self-assessment exercises. The lively illustrations and text with appropriate headings and sub-headings in bold type faces facilitate reading path clarity and quick recall. All this will help the students to
