In the early twentieth century, Marcus Garvey sowed the seeds of a new black pride and determination. Attacked by the black intelligentsia and ridiculed by the white press, this Jamaican immigrant astonished all with his black nationalist rhetoric. In just four years, he built the Universal Negro Improvement Association (UNIA), the largest and most powerful all-black organization the nation had ever seen. With hundreds of branches, throughout the United States, the UNIA represented Garvey's greatest accomplishment and, ironically, the source of his public disgrace. Black Moses brings this controversial figure to life and recovers the significance of his life and work. "Those who are interested in the revolutionary aspects of the twentieth century in America should not miss Cronon's book. It makes exciting reading."--The Nation "A very readable, factual, and well-documented biography of Marcus Garvey."--The Crisis, NAACP "In a short, swiftly moving, penetrating biography, Mr. Cronon has made the first real attempt to narrate the Garvey story. From the Jamaican's traumatic race experiences on the West Indian island to dizzy success and inglorious failure on the mainland, the major outlines are here etched with sympathy, understanding, and insight."--Mississippi Valley Historical Review (Now the Journal of American History). "Good reading for all serious history students."--Jet "A vivid, detailed, and sound portrait of a man and his dreams."--Political Science Quarterly

Urbantoons Black Moses: Rise of Marcus Garvey is a story about the rise of a young Jamaican boy named Marcus Mosiah Garvey Jr., who grew up humbly on the beautiful island of Jamaica. After growing up, he realized that Black people all over the world were underpaid, overworked and treated badly. Garvey decided he wanted to change that, and he gave Black people in America a sense of pride in knowledge of self and business ownership. Marcus Garvey lived to be the greatest Black entrepreneur and organizer in American history. Loosely based on his true story, this is a great book for confidence building, Black pride, entrepreneurship encouragement, and providing inspiration for reaching your goals. Black Moses: Rise of Marcus Garvey is a 50-page beautifully illustrated book. It will ignite your child's imagination and create the ultimate reading experience.

The autobiographies of former slaves contributed powerfully to the abolitionist movement in the United States, fanning national--even international--indignation against the evils of slavery. The four texts gathered here are all from North Carolina slaves and are among the most memorable and influential slave narratives published in the nineteenth century. The writings of Moses Roper (1838), Lunsford Lane (1842), Moses Grandy (1843), and the Reverend Thomas H. Jones (1854) provide a moving testament to the struggles of enslaved people to affirm their human dignity and ultimately seize their liberty. Introductions to each narrative provide biographical and historical information as well as explanatory notes. Andrews's general introduction to the collection reveals that these narratives not only helped energize the abolitionist movement but also laid the groundwork for an African American literary tradition that inspired such novelists as Toni Morrison and Charles Johnson.
