"Blue Pelican Java" is a somewhat unusual high school computer science textbook. Most computer science texts will begin with a section on the history of computers followed with a flurry of definitions that are just "so many words" to the average student. The approach here is to first give the student some experience upon which to hang the definitions that come later. The usual practice of introducing classes and objects is deferred until the student has a firm grasp of the fundamentals (loops, decision structures, etc). Thus, the beginning student is not overwhelmed by the simultaneous introduction of OOPs and the fundamentals. The book includes plenty of exercises (many in "contest" form), programming projects, and a huge appendix.

Gifted with a rare, ultra sensitive hearing capability caused by a virus at age eight, Tia Fleisher learns about the power of her extraordinary hearing and about the problems associated with being different. Fearing for her safety, she is placed under the protection of the FBI and enters a highly secretive youth program for gifted children where she will be nurtured as a future covert operative. After graduating as valedictorian and with an approved FBI guardian, she enters the "unofficial" FBI apprentice program in Washington D.C. where she again excels. While at the Bureau, working on sophisticated computer program design and a "psychic" surveillance procedure, she earns the respect and admiration of the Assistant Director of the FBI who later recruits her into the CIA. But, because of compromises to her personal value structure, she loses heart and passion for the undercover life-style and enters the private sector at the end of her mandatory three-year commitment to federal service. In Entreating Whispers, we see Tia hold true to her morals, her ideals, and her empathetic nature as she maneuvers her way through a world of adult deception and ruthlessness that has the full acceptance of the unwitting American public.

The Heretic's Gospel - Book One tells the story of a young Jewish carpenter, from his birth in a humble cave in Bethlehem, through his childhood, his reluctant betrothal, his baptism by the famous John the Baptist, and to his own preeminence as the "Great Healer of Upper Galilee." Based on literally thousands of hours of archaeological and historical research, the past will come alive again as you look at Life in First Century Israel through the eyes of the man who comes to be known to the world as Jesus Christ.

The Pink Pelican is the story of a young man's obsessive journey to Crete trying to win back a lost love and falling into himself. This book also contains a collection of stories and poetry about death, dreams and clowns.

When Scotty Hazel began high school in the mid 1970s, he was oblivious to the amazing journey he was beginning. The forty year saga to realize his dreams traverses the country with characters and events that must be fictional but they are not; they are real. Scotty masterfully guides readers through the candid details of the crazy twists and turns of his life. Just when readers feel they can predict what is coming, Scotty blind-sides them with something totally unexpected. Adventure, drama, romance, humor, deceit, tragedy, triumph, and inspiration; Looking Out Windows has it all.

As part of the America's Haunted Road Trip series, Ghosthunting Michigan takes readers along on a guided tour of some of the Great Lake State's most haunted historic locations. With a background in library science, author Helen Pattskyn researched each location thoroughly before visiting, digging up clues for the paranormal aspect of each site. Her approach to each site allows readers to decide whether or not the ghost stories are really true. In Ghosthunting Michigan, Pattskyn takes readers along as she explores some of her home state's most haunted locations, starting with a visit to the Whitney in Downtown Detroit. Some of the other sites include Belle Isle, historic Fort Wayne, the Grand Plaza Hotel, Eagle Harbor, the Point Iroquis Lighthouse, and many more.

New York Times Bestseller The new must-read epic from master storyteller Ken Follett: more than a thriller, it's an action-packed, globe-spanning drama set in the present day. "A compelling story, and only too realistic." —Lawrence H. Summers, former U.S. Treasury Secretary "Every catastrophe begins with a little problem that doesn't get fixed." So says Pauline Green, president of the United States, in Follett's nerve-racking drama of international tension. A shrinking oasis in the Sahara Desert; a stolen US Army drone; an uninhabited Japanese island; and one country's secret stash of deadly chemical poisons: all these play roles in a relentlessly escalating crisis. Struggling to prevent the outbreak of world war are a young woman intelligence officer; a spy working undercover with jihadists; a brilliant Chinese spymaster; and Pauline herself, beleaguered by a populist rival for the next president election. Never is an extraordinary novel, full of heroines and villains, false prophets and elite warriors, jaded politicians and opportunistic revolutionaries. It brims with cautionary wisdom for our times, and delivers a visceral, heart-pounding read that transports readers to the brink of the unimaginable.
