Die Trivialliteratur und somit selbstverständlich auch Comics sind fester Bestandteil der Leser- und Lesestoffforschung. Die früher noch für lange Zeit als "banal" und "jugendgefährdend" bezeichnete "Schundliteratur" wird gegenwärtig von allen sozialen Schichten gelesen. Doch noch immer beschäftigt man sich mit der Aufarbeitung der Geschichte dieser Literatur. In diesem Werk erfährt der Leser unter anderem, dass ein Antiheld im Comic genauso vielschichtig sein kann wie Georg Büchners Woyzeck.

Working closely with Moebius Production in France, Dark Horse presents the final part of Moebius's Inside Moebius series. In this third and most surreal volume, Jean "Moebius" Giraud exists in an expansive, magical desert locale within his subconscious. He not only meets and talks with several of his own creations--like Stel, Blueberry, Major Grubert, and Arzak--but he encounters versions of himself from multiple decades and argues with them about art and creativity. This final volume also features the last interview segment about this strange series between the artist and Isabelle Giraud. Translation by World of Edena translator Diana Schutz.

A hilarious and heart-wrenching comedy exposing the absurdity of the fine art world as experienced by a young artist. Anna Haifisch's idiosyncratic, episodic comic chronicles the experiences of a young artist in his formative years, satirising the exclusive, ephemeral and frequently absurd world of fine art. Plagued by doubts and anxiety, the artist is confronted with constant setbacks punctuated by occasional, surprising glimpses of recognition. The Artist's sharp and self-

Visionary author, filmmaker, and philosopher Alejandro Jodorowsky has created — along with some of the world's most singular and talented sequential artists — an incredible Sci-Fi universe, full of love, revenge, intrigue, betrayal, and redemption: THE JODOVERSE. The Jodoverse's two cornerstone series are The Incal and The Metabarons, which together have sold over 5 million copies worldwide. This deluxe box set (two oversized books in one deluxe slipcase box) will be limited at 1500 numbered copies. Book 1 will contain the reference guide on The Incal, Deconstructing the Incal, which lifts the veil on many of the mysteries and secrets surrounding the seminal science-fiction graphic novel. This encyclopedic reference book is packed with fascinating insights from the creators, Jodorowsky and Mœbius, alongside revealing text and rare and unseen preliminary illustrations. The book will also contain the original 56 pages drawn by Mœbius of the unfinished first version of the sequel story (After The Incal). Book 2 will feature the second reference guide to the Jodoverse, Deconstructing the Metabarons, focused on unveiling the secrets of the universe's fiercest warrior clan: the Metabarons. Book 2 will also include Weapons of the Metabarons, the seminal series' spin-off story recounting how the mightiest warrior in the universe built his arsenal of war and featuring A-list comics star Travis Charest's (Wildcats, WildC.A.T.s/X-Men: The Golden Age, and Star Wars comics covers) interpretation of The Metabarons' mythology.
