The boa constrictor (Boa constrictor), also called the red-tailed boa or the common boa, is a species of large, non-venomous, heavy-bodied snake that is frequently kept and bred in captivity. The boa constrictor is a member of the family Boidae, found in tropical South America, as well as some islands in the Caribbean. A staple of private collections and public displays, its color pattern is ...

Boa constrictor—Wikipedia

Boa constrictor, (Boa constrictor), large thick-bodied snake of the boa family, Boidae. Its range is wide, from Argentina to northern Mexico. Though it thrives in tropical rainforests, it also inhabits savannas, cane fields, and semiarid scrublands. The snake ' s adult length is typically about 10 feet (3 metres), though individuals of more than 18 feet (5.5 metres) have been reported; Central ...
