Chief Medical Examiner Kay Scarpetta investigates the murder of a reclusive author and discovers that forensic pathology is more than laboratory work when she becomes involved in a dangerous criminal investigation.

#1 New York Times bestselling author Patricia Cornwell's suspense fiction classic, featuring gutsy medical examiner Kay Scarpetta. A reclusive author, Beryl Madison finds no safe haven from months of menacing phone calls--or the tormented feeling that her every move is being watched. When the writer is found slain in her own home, Kay Scarpetta pieces together the intricate forensic evidence--while unwittingly edging closer to a killer waiting in the shadows.

Now available in a tall Premium Edition, the novel that introduces one of suspense fiction's most compelling heroines--Dr. Kay Scarpetta--from a #1 "New York Times"--bestselling author. Reissue.

From the author who virtually invented the forensic thriller comes this much-anticipated omnibus volume that features her first two novels, "Postmortem" and "Body of Evidence," that introduced Virginia Chief Medical Examiner Kay Scarpetta to the book-reading world.

Dr. Kay Scarpetta travels to North Carolina to investigate the murder of an eleven-year-old girl, but the evidence does not add up, and she must conduct a gruesome experiment at a remote research facility to find the answers, in a new edition of the classic thriller, complete with a new introduction by the author. Reissue.

Postmortem introduces Dr. Scarpetta, who knows the smell of bone dust from a skullcap saw and how to read a body for clues via lasers, DNA, and computers. As Scarpetta slowly closes in on a killer known as Mr. Nobody, she gets the creepy, well-informed feeling that the killer is closing in on her. Cornwell's debut swept the mystery-writing awards and made her somebody. In Body of Evidence, Scarpetta investigates the murder of a Southern writer who mysteriously opened the door for her killer. In All That Remains, she hunts a serial killer of young lovers--including the daughter of the president's drug czar, which complicates the forensic chase with political intrigue. Besides suspenseful cat-and-mouse games between sleuth and killer (and writer and reader), Cornwell creates a rich cast of screwed-up characters, chiefly Scarpetta's scruffy confrere, Detective Pete Marino. Scarpetta's character is a magnetic combination of pride, drive, brains, extreme skill at cooking, and a pervasive sadness expressed with tightly wound eloquence.

When the fingerprints of an executed killer are found at a new crime scene, Dr. Kay Scarpetta takes on her most terrifying case yet. By the author of All That Remains. 250,000 first printing. Lit Guild Main.

The clues to a series of remorseless killings go up in smoke--and only Kay Scarpetta can find them in this #1 New York Times bestseller from Patricia Cornwell. "Sears its way into the psyche--ablaze with Cornwell's finest, scariest writing."--Atlanta Journal Constitution The devastating fire tore through the horse farm, destroying everything it touched. Picking through the wreckage, Dr. Kay Scarpetta uncovers human remains--the work of an audacious and wily killer who uses fire to mask his brutal murders. And when Scarpetta learns that her old nemesis, Carrie Grethen, has escaped from a hospital for the criminally insane and is somehow involved, the investigation becomes personal. Tragedy strikes close to home. And Scarpetta must match Grethen's every move with one of her own to douse the inferno of evil that threatens everyone around her...
