Nice piece of work from Borland. Delphi always was a favourite of mine, and the new version adds some much needed features. However, I was slightly disapointed that the main feature list (the VCL components) are no more advanced than version 3 in the personal edition. The lack of the action bars in the personnel edition is disapointing and where is the data engine? It was available in the ...

Delphi 6.0 Personal Edition: Amazon.co.uk: Software
