Brainpop Quiz Answer Paper Thanks to Erin Kearny, who shared this great way for kids to track their answers when taking BrainPOP Quizzes: I use this so that my students can record their quiz answers individually or in pairs/groups. Sometimes they are graded, other times they are just to give students or myself an idea of their comprehension. I... See more » Page 7/20

Q. Carrie's teacher hands out test tubes filled with different chemicals and tells the students to identify their liquid as an acid, base, or neutral chemical. Carrie's test tube contains a clear chemical. She adds phenolphthalein to her test tube and gently moves the tube from side to side. A few moments later, the chemical in the test tube turns bright pink.
