sport franchises, sporting goods manufacturers and trademarks, and governing bodies. This broad approach encourages students to understand the impact of legal issues on the sport industry, including many of the areas that students are hoping to pursue as a career. Case Studies in Sport Law offers condensed versions of each case as opposed to the full legal proceedings, which enables students to grasp key concepts of the case instead of wading through legal jargon. The cases are divided into the main topics that are most prevalent in sport law courses: agency law, antitrust law, constitutional law, contract law, employment law, intellectual property, labor law, products liability, risk management, statutory law, Title IX, tort law, and the U.S. legal system. This is an easy-to-follow format that allows instructors and readers easy selection of cases based on the topic at hand. In addition to the abridged court cases, each section provides introductory information to prepare students on the type of law that will be examined and key concepts to bear in mind while reading. Further, each case study ends with review questions that can test student comprehension, be used for review, and prompt in-class discussions. Answers to these review questions are in the instructor guide, which is free to course adopters and available at www.HumanKinetics.com/CaseStudiesInSportLaw. Litigation and lawsuits in sport are increasing; therefore, managers and operators must maintain a thorough understanding of legal practices. Case Studies in Sport Law is the ideal text to supplement a sport management or sport law class and bolster student comprehension of sport law issues, and it is a supreme reference in the professional library of all practitioners in college, high school, professional, and recreational sport settings.

Print Student Workbook and Audio Activities.

This third edition of this text presents the major grammatical contrasts between English and Spanish in a simple and direct manner that is ideal for teachers of either language. This book addresses difficult grammatical topics for the English speaker, such as the question of aspect (preterit/imperfect) and the Spanish indicative/subjunctive; the English modal auxiliary system; and other challenging topics for the Spanish speaker. This reworked and expanded edition presents a complete inventory of all the major inter-lingual contrasts, emphasizing those contrasts that pose difficulties for teachers and students alike. The text features numerous exercises and, new with this edition, an extensive glossary of grammatical terms. Answer key available for download from the "features" tab on the publisher's website: <https://rowman.com/ISBN/9780761863755/Bilingual-Grammar-of-English-Spanish-Syntax-With-Exercises-and-a-Glossary-of-Grammatical-Terms-3rd-Edition>

Modern Spanish Grammar Workbook is an innovative book of exercises and language tasks for all learners of European or Latin American Spanish. The book is divided into two sections: * Section 1 provides exercises based on essential grammatical structures * Section 2 practises everyday functions such as making introductions and expressing needs A comprehensive answer key at the back of the book enables you to check on your progress. Modern Spanish Grammar Workbook is ideal for all learners of European or Latin American Spanish including undergraduates taking Spanish as a major or minor part of their studies, as well as intermediate and advanced students in schools and adult education. It can be used independently or alongside Modern Spanish Grammar, also published by Routledge.

Inspire Science is designed to help you spark students' interest and empower them to ask more questions, think more critically, and maximize their ability to creatively solve problems.--Publisher's website
