How the tough choices that need to be made in our relationship with other countries and world regulatory bodies? What role should we be playing globally? What are the political, economic, social choices / tradeoffs we will have to confront? Thurow

Access Free Build Your Fortune In The Fifth Era

contends that the huge and growing US trade deficit poses grave dangers to the value of the dollar and is putting our own economy in jeopardy. As the world economy leaps national boundaries, its hallmark seems to be a rising instability and a

Access Free Build Your Fortune In The Fifth Era

growing inequality between the first and third worlds. Financial crises in the third world come ever more frequently and seem to be ever more severe. The first world economies seem to be in ever more frantic boom and bust cycles. Globalization causes riots

Access Free Build Your Fortune In The Fifth Era

throughout the world and is one factor in the rise of terrorism against the West. Thurow shows how some nations, including Ireland and China, have embraced the concept of globalization and placed themselves into a position to prosper with growing and

Access Free Build Your Fortune In The Fifth Era

productive national economies. He contrasts their positive actions with Japan, whose leaders have allowed the nation to drift into stagnation and have destroyed its prosperity. He argues that this is the time to choose globalization or be left behind, the time to "build a
