Burn Bright is the fifth and latest novel in Patricia Briggs' ALPHA AND OMEGA urban fantasy series - actually, it's more mountainous wilderness fantasy, but it does involve werewolves and witches living amongst humans. Burn Bright, though it has different main characters, also intertwines nicely with the main MERCY THOMPSON series.

So „Burn Bright“ does have a bit of action and something like a showdown, but its mostly character insights and reminiscing of things of the past. Some of these insights about the Marrock and even Leah, were surprises for me (even after all the books) and made me re-evaluate some things I thought true.

2009 Retailer's Choice Award winner!For Jon and Erin Bennett, the world seems to be spinning dangerously out of control. A new dictator is rising in Iraq. China is making threatening new moves toward Taiwan. North Korean forces appear ready to strike south. Israel is feverishly trying to complete the Third Temple. Oil prices are surging. And in the wake of an horrific war in the Middle East, President James MacPherson's second term is coming to an end. Now the battle to succeed him is heating up into one of the most fiercely contested presidential elections in American history, and the Bennetts realize the stakes could not be higher. Who will lead a bitterly divided country over the next four years? What can the U.S. do to shape the new world order? And just what role--if any--does the U.S. play in the last days? As the presidential campaign narrows into a dead heat, the Secret Service learns of a catastrophic plot to assassinate one of the candidates--but which one, and can the terrorists be stopped in time?

Newly mated werewolves, Anna and Charles, attend a summit discussing whether or not the wolves should make themselves known to humans, when she is attacked by vampires, in the second novel in the series following Cry Wolf. 25,000 first printing.

Audrey Whitticomb saved her entire city. Well, kind of. The superhero Morning Star (who just happens to be Audrey's mom) might have played a small part, and her sidekick, Leon-Audrey's sort-of boyfriend, who is gorgeous...and frustrating--maybe helped, too. But after two peaceful months, there is a vicious new threat in Minneapolis. Her name is Susannah, and she's a Harrower, a demon hell-bent on destroying people like Morning Star, Leon, and Audrey--the Kin. Like others before her, she seeks the Remnant, a Kin girl who has the power to unleash the inhabitants of the Beneath. But to what end? Audrey already has a ton on her plate: dealing with her best friend Tink's boy drama, helping her other best friend Gideon figure out his nightmares, and exploring the highs and lows of "dating" Leon. But when she develops a powerful new ability, Audrey seizes on the chance to fight, despite her mother's protests and Leon's pleas. As Audrey gets closer to figuring out Susannah's motives and tracking down the Remnant, she'll uncover more than she bargained for. The terrible truth is staring Audrey in the face. But knowing the truth and accepting it are very different things.

Includes bonus material and a never-before-published version of issue #1! Patricia Briggs, the #1 New York Times bestselling author of the Mercy Thompson novels, "always enchants her readers" (Lynn Viehl). Now her Alpha and Omega series--set in a world of shifting shapes, loyalties, and passions--comes vividly to life in this collection of four comic books based on Cry Wolf, the first book in the series. Anna never knew werewolves existed, until the night she survived a violent attack--and became one herself. After three years at the bottom of the pack, she's learned to keep her head down and never, ever trust dominant males. Then Charles Cornick, the enforcer--and son--of the leader of the North American werewolves, came into her life. Charles insists that not only is Anna his mate, but she is also a rare and valued Omega wolf. And it is Anna's inner strength and calming presence that will prove invaluable as she and Charles go on the hunt in search of a rogue werewolf--a creature bound in magic so dark that it could threaten all the pack...

After years at the bottom of the pack, Anna has learned never to trust dominant males, until Charles Cornick, the enforcer and leader of the North American werewolves, declares her his mate, revealing her destiny as an Omega wolf.

Charles Cornick, the leader of the North American werewolves, is sent to Boston with Anna Latham to assist the FBI in tracking down a serial killer who is targeting their kind.

A companion novella to Cry Wolf--from the #1 New York Times bestselling author of the Mercy Thompson novels. Reluctant werewolf Anna Latham finds a new sense of self when the son of the werewolf king comes to town to quell unrest in the Chicago pack--and inspires a power in Anna she's never felt before...
