Pearson Edexcel International AS/A Levels (IAL) are globally recognised qualifications which open doors to top universities worldwide. Available for 21 subjects, they have a modular structure, yet remain comparable to GCE AS/A levels, as confirmed by NARIC, the national agency responsible for providing information and expert opinion on qualifications and skills worldwide.

International Advanced Levels | Pearson qualifications

Business mathematics also includes statistics and provides solution to business problems. Business is always surrounded with challenges which need to be dealt with in a proper fashion so that they do not arise in future. These problems that occur on a daily basis can be effectively solved with the help of mathematical models.
