Following the Pulitzer prize-winning collection Stag ’ s Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender “ Ode to the Hymen, ” Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as “ Ode to My Sister, ” “ Ode of Broken Loyalty, ” “ Ode to My Whiteness, ” “ Blow Job Ode, ” and “ Ode to the Last Thirty-Eight Trees in New York City Visible from This Window, ” Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

What would you do if you discovered your whole life to be a lie? Daniel Hanstock thinks he ’ s an ordinary schoolboy but on his sixteenth birthday his world is turned upside down. He is the world ’ s first one-hundred percent genetically-engineered human - assigned the codename Tiberius - and Gregory Dryden, the man responsible, wants him back so that he can continue his deadly experiments. Running for his life, Daniel flees to New York and is forced to go ’ off-grid ’. In this near-future America, where the security-obsessed authorities require citizens to carry DNA cards, Daniel meets the feisty and beautiful Eleanor. But by falling for her, Daniel also puts her in terrible danger. Daniel pursues the facts about his origins but is hunted by an agent sent by Dryden to bring him to heel. Can Daniel find out the truth whilst trying to evade those who think they own him? As his enemies close in Daniel must draw on resources he never knew he had to win his freedom - but in doing so he may be walking into a deadly trap ... TIBERIUS FOUND is the first instalment in a thrilling series - The Emperor Initiative - that introduces an engaging new hero that will appeal to fans of Alex Rider and Jason Bourne.

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother’s house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings-- Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Gusno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

'Janey is like a whirlwind of selfness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island’s dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £ 10,000 to get started, setting up a charity called WE Care Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of traumas and injury, only to be scooped up by Janey and her team and saved.

An evil presence looms over the desert community. Native American legend calls it Tahquitz. The new casino operators call it an opportunity to make money ... Young Luke Kauffmann acquires a pair of strange goggles that gives him glimpses into dimensions around him, where dark, sinister forces exert their powers to influence—and glimmering creatures of light strive to stop them. Thanks to the help of a beautiful but quirky techie, Luke increases the power of the goggles until he is thrust even deeper into the spirit world. With their added strength and the help of others, darker secrets are soon uncovered until Luke himself is seduced by the power and pride that the goggles offer. It isn ’ t until the final showdown at Tahquitz ’ s very lair that Luke and his colleagues learn the deeper truths of spiritual warfare that enable them to destroy the creature ’ s sinister hold upon the valley. Award-winning novelist Bill Myers delivers another breathtaking supernatural thriller full of unforgettable characters, unequalled imagination, and thought-provoking issues. The Seeing is Book Three in the Soul Tracker series, which also includes Soul Tracker and The Presence. Also available: unabridged audio CD edition.

They may ride off into the sunset, but cowboys never go out of style. These manly men embody the fiercely independent, earthy alpha male and hero who isn ’ t afraid to show the gentle, nurturing side of his complex nature when faced with a woman in need. Even when he ’ s coated with dust from riding behind a herd of cattle or up to his knees in mud freeing a calf from a wallow, this stud still generates a lot of Cowboy Heat. Delilah Devlin’s Cowboy Lust was a sensation, hitting the top ten of romance books and generating a river of praise. Award-winning Devlin is back on the ranch with stories of rugged romantics, rough riders, and rope wranglers sure to satisfy any reader who craves the idea of that gruff, romantic hero, a man of few words but many moves. Cowboy Heat sits tall in the saddle, winning hearts and spurring readers to new heights of happiness.
