9780131483439: Cases in Financial Management - AbeBooks ...

At first I thought it was a book talking about how to evaluate and analyze those real cases in the financial management. However, I was wrong. This book totally sucked!!! It had nothing at all but 22 cases. No hints about how to solve those cases. No text about how to start analysis. I regretted so much that I purchased such a useless book.
